On January 23, 1981, a Complaint was filed in the above-captioned matter, the gravamen of which was that the respondent, Donald H. Nerenhausen, had performed a number of surveys in 1977 which failed to meet the requirements established by Ch. A-E 5, Wis. Adm. Code, entitled "Minimum Standards for Property Surveys". The Complaint also alleged that Mr. Nerenhausen had undertaken the amendment and correction of the affected surveys in July, 1979, but that the amended maps of survey still did not meet all the requirements of Ch. A-E 5, Wis. Adm. Code.

Following filing of the Complaint, discussions were initiated between Wayne R. Austin, attorney for the complainant, and Michael T. Judge, attorney for Mr. Nerenhausen. Those discussions resulted in an agreement between the parties as to a stipulated disposition of the matter. That agreement included a commitment by Mr. Nerenhausen to correct the surveys in question. Subsequently, on May 5, 1981, Attorney Judge filed a formal Answer on behalf of Mr. Nerenhausen. Appended thereto were copies of the corrected survey maps.

- (1) Nerenhausen failed to make a careful determination of the position of the boundaries of the parcel surveyed, as required by Section A-E 5.01(3), Wis. Adm. Code and sec. 59.62, Wis. Stats. More specifically, Nerenhausen failed to properly establish the position of the north-south quarter quarter section line of the northwest quarter of section 27, and the east-west quarter section line of section 27.

- (2) The description did not commence with a government corner as required by Section A-E 5.01(4), Wis. Adm. Code.

(q) On or about July 25, 1979, Nerenhausen amended the map of survey described in paragraph (o), above, for the purpose of correcting deficiencies in said survey; and Nerenhausen again failed to properly establish the position of the boundaries of the parcel surveyed. Further, Nerenhausen's amended description fails to establish the length of the line commencing at the south quarter corner of section 27 and bearing south 80° 39 minutes west, as required by Section A-E 5.01(4), Wis. Adm. Code.

(r) On or about June 14, 1977, and as a part of his land surveying practice, Nerenhausen completed the performance of a land survey and the preparation of a map of survey for client Harold Crozier, owner of the parcel surveyed, described as a part of the northwest quarter of the northeast quarter of section 14, Township 28 North, Range 21 East, Town of Oconto, Oconto County, Wisconsin.

(s) In performing the land survey and in preparing the survey map described in paragraph (r), above, Nerenhausen was required to meet the standards set forth in the Minimum Standards for Property Surveys, Chapter A-E 5, Wis. Adm. Code, and said survey and map did not meet the required standards in the following respects:

- (1) Nerenhausen failed to make a careful determination of the position of boundaries of the parcel surveyed as required by Section A-E 5.01(3), Wis. Adm. Code, and s. 59.62, Wis. Stats. More specifically, Nerenhausen failed to properly establish the position of the north-south quarter quarter section line of the northeast quarter of section 14 and the north section line of section 14.

(2) The bearings were not expressed with reference to a magnetic, true or other identifiable meridian or line of the public land survey, recorded subdivision or to the Wisconsin Coordinate System, as required by Section A-E 5.01(5)(b), Wis. Adm. Code.

(3) The map failed to identify the person for whom the survey was made, as required by Section A-E 5.01(5)(e), Wis. Adm. Code.

(t) On or about July 23, 1979, Nerenhausen amended the map of survey described in paragraph (r), above, for the purpose of correcting deficiencies in said survey; and Nerenhausen again failed to properly establish the position of the north-south quarter section line of the northeast quarter of section 14.

(u) On or about October 27, 1977, and as a part of his land surveying practice, Nerenhausen completed the performance of a land survey and the preparation of a map of survey for client Orville Griebeler, owner of the parcel surveyed, described as part of the southeast quarter of the southwest quarter of section 25, Township 28 North, Range 21 East, Town of Oconto, Oconto County, Wisconsin.

(v) In performing the land survey and in preparing the survey map described in paragraph (u), above, Nerenhausen was required to meet the standards set forth in the Minimum Standards for Property Surveys, Chapter A-E 5, Wis. Adm. Code, and said survey and map did not meet the required standards in the following respects:

(1) The bearings were not expressed with reference to a magnetic, true or other identifiable meridian or line of the public land survey, recorded subdivision or to Wisconsin Coordinate System, as required by Section A-E 5.01(5)(b), Wis. Adm. Code.

(2) The map failed to identify the person for whom the survey was made as required by Section A-E 5.01(5)(e), Wis. Adm. Code.

(3) The map failed to properly describe monuments necessary for the location of the parcel, as required by Section A-E 5.01(5)(b), Wis. Adm. Code.

(4) The description did not commence with a government corner as required by Section A-E 5.04(4), Wis. Adm. Code.

(5) Nerenhausen failed to make a careful determination of the position of the boundaries of the parcel surveyed, as required by Section A-E 5.01(3), Wis. Adm. Code, and s. 59.62, Wis. Stats. More specifically, Nerenhausen failed to properly establish the position of the north-south quarter section line of the southwest quarter of section 25.

(6) Nerenhausen's map showed the parcel located in section 24, while his description locates the parcel in section 25.

(w) On or about July 19, 1979, Nerenhausen amended the map of survey described in paragraph (u), above, for the purpose of correcting deficiencies in said survey; and Nerenhausen again failed to properly establish the position of the north-south quarter quarter section line of the southwest quarter of section 25.

(x) Between March 30 and May 3, 1981, Nerenhausen completed and filed corrections to each of the surveys described in paragraphs (c) through (w), above. Copies of the corrected survey maps are attached hereto and made a part hereof.

3. The parties agree to the adoption by the Board of Conclusions of Law as follows:

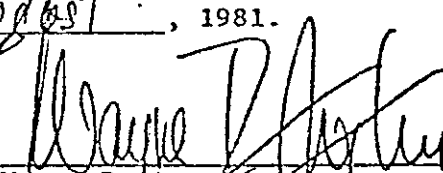

(a) The State of Wisconsin Examining Board of Architects, Professional Engineers, Designers and Land Surveyors has jurisdiction to take disciplinary action in this proceeding pursuant to section 227.07(5), Wis. Stats.

(b) Nerenhausen's failure to meet the requirements of Chapter A-E 5, Wis. Adm. Code, and Chapter 59, Wis. Stats., constitutes negligence and misconduct in the practice of land surveying within the meaning of s. 443.02(8)(a), Wis. Stats.

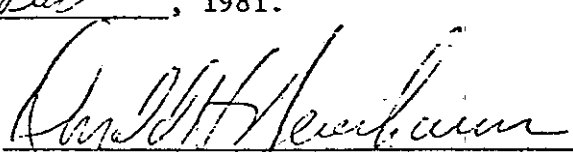

4. The parties agree to the adoption by the Board of an Order as follows:
