STATE OF WISCONSIN
BEFORE THE BOARD OF NURSING

IN THE MATTER OF DISCIPLINARY
PROCEEDINGS AGAINST

BARBARA JOAN GRADY, R.N.,
RESPONDENT.

: AMENDED ORDER
:
:-----

On May 20, 1985, the Board of Nursing issued its Final Decision and Order in the above-captioned matter by which Ms. Grady's license was limited for a period of two years. Included in the terms of the limitation was the requirement that Ms. Grady participate in a program of random, supervised monitoring for controlled substances and alcohol on a weekly basis.

On July 18, 1985 the board considered Ms. Grady's request that the frequency of drug screens be reduced to once each month. Based upon that request and documents of record herein the board amends subparagraph (b)iv of its Order of May 20, 1985 to read as follows:

- iv. Ms. Grady must participate in a program of random, supervised monitoring, on the basis of at least one time per month for controlled substances and alcohol in her blood and/or urine. If the therapist supervising Ms. Grady's plan of care deems that additional blood or urine screens are necessary, Ms. Grady must submit to those screens.

Ms. Grady shall be responsible for obtaining a monitoring facility and reporting system acceptable to the Board, as well as for all costs incurred in conjunction with the monitoring and reporting required.

To be an acceptable program, the monitoring facility must agree to provide random and monitored gatherings of specimens for evaluation. It must further agree to file an immediate report with the Board of Nursing upon such failure to participate as: if Ms. Grady fails to appear upon request; or if a drug or alcohol screen proves positive; or if Ms. Grady refuses to give a specimen for analysis upon the request of monitoring facility.

Dated at Madison, Wisconsin this 16 day of September, 1985.
