This Reports of Decisions document was retrieved from the Wisconsin Department of Regulation & Licensing website. These records are open to public view under Wisconsin's Open Records law, sections 19.31-19.39 Wisconsin Statutes.

### **Please read this agreement prior to viewing the Decision:**

- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Regulation and Licensing from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.
- Reports of Decisions contains information as it exists at a specific point in time in the Department of Regulation and Licensing data base. Because this data base changes constantly, the Department is not responsible for subsequent entries that update, correct or delete data. The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Regulation and Licensing, PO Box 8935, Madison, WI 53708-8935. The Department charges copying fees. *All requests must cite the case number, the date of the order, and respondent's name as it appears on the order.*
- Reported decisions may have an appeal pending, and discipline may be stayed during the appeal. Information about the current status of a credential issued by the Department of Regulation and Licensing is shown on the Department's Web Site under "License Lookup." The status of an appeal may be found on court access websites at: <http://ccap.courts.state.wi.us/InternetCourtAccess> and <http://www.courts.state.wi.us/wscca>.
- Records not open to public inspection by statute are not contained on this website.

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

**FINDINGS OF FACT**

1. Respondent Larry Woltman (dob 9/12/54) is and was at all times relevant to the facts set forth herein a registered pharmacist licensed in the State of Wisconsin pursuant to license # 10092.

2. Respondent did, on or about April 17, 1988, prepare an IV bag in response to a physician order for a 1000 ml bag using a base of D5 Lactated Ringers solution. Respondent's preparation was in a 500 ml bag and used a base of plain dextrose 5%, but was labelled as a 1000 ml bag with a dextrose 5% base.

3. Respondent did, on or about May 10, 1988, in response to a physician order, make and label a Heparin IV solution and label it 25 hrs/6 drops, 42 ml/hr. The physician's order directed that the dosage be 21 ml/hr.

4. Respondent did, on or about June 2, 1988, check an IV bag labeled Oxytocin 20 units, D5, 0.45% NaCl, 1000 ml. This bag was labeled for patient Z.S. This patient was actually supposed to receive an IV solution containing Potassium Chloride, 60 mEq., in D5 Lactated Ringers. Respondent did not detect the error, and the IV was dispensed from the pharmacy in error.

5. Respondent did, on or about September 19, 1988, receive an order for Xanax 0.5 mg for a patient but dispensed Xanax 0.25 mg.

6. On or about November 8, 1988, respondent received an order for Tocainide 400 mg. for a patient but transcribed and dispensed Tolectin 200 mg.

7. On or about July 6, 1989, respondent received an order for 2@ heparin 10 units/10 ml. but dispensed a syringe of 8000 units and another syringe of heparin 10 units/10 ml.

8. On or about July 20, 1989, respondent erroneously entered into a computerized prescription recording system a prescription for 17 micrograms of digoxin as .17 milligrams, to be dispensed to an infant patient in a future medication.

9. On or about August 19, 1989, respondent received an order for 50% glucose in an IV solution but dispensed sodium bicarbonate instead.

10. Since October 2, 1989, respondent has practiced in a different hospital setting in another state. For at least three years following October 2, 1989, respondent practiced without known dispensing or other practice errors, and under conditions and restrictions which closely approximated the board's usual license limitations imposed in similar cases.

### CONCLUSIONS OF LAW

11. The Wisconsin Pharmacy Examining Board has jurisdiction to act in this matter pursuant to §450.10, Wis. Stats.

12. The Board is authorized to enter into the attached Stipulation pursuant to §227.44(5), Wis. Stats.

13. The conduct described in paragraphs 2-9, above, violated §450.10(1)(a)6., Wis. Stats., and §§ Phar 7.01 and 10.03(4), Wis. Adm. Code (1988-89). Such conduct constitutes unprofessional conduct within the meaning of the Code and statutes.
