IN THE MATTER OF DISCIPLINARY  
PROCEEDINGS AGAINST

FINAL DECISION AND ORDER

PAUL J. BARFKNECHT,  
RESPONDENT.

94 PHM 7

The parties to this action for the purposes of §227.53, Wis. Stats., are:

Paul J. Barfknecht, R.Ph.  
4091 Westview Lane  
Oshkosh, WI 54904

Wisconsin Pharmacy Examining Board  
P.O. Box 8935  
Madison, WI 53708-8935

Department of Regulation and Licensing  
Division of Enforcement  
P.O. Box 8935  
Madison, WI 53708-8935

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

**FINDINGS OF FACT**

1 Respondent Paul J. Barfknecht (DOB 11/11/67), is and was at all times relevant to the facts set forth herein a registered pharmacist licensed in the State of Wisconsin pursuant to license #11638, originally granted on 8/20/91.

2 In March, 1993, respondent became the managing pharmacist for Quantum Health Care Innovations, an existing pharmacy business of supplying a number of area nursing and group homes. Most of the medications provided to these facilities are supplied in "cassettes" which are lockable portable cabinets with 16-32 drawers, one for each patient. Each drawer is filled at the pharmacy with the medication for that patient, packaged in unit dose form. Cassettes are delivered to nursing homes daily, and to the group homes monthly.

3. Immediately before the time Quantum took over the business, a pharmacist was not consistently either personally preparing all prescribed medications and dispensing them, nor conducting a final check of all cassette drawers before the cassettes were delivered to the facilities, and instead the medications were procured, counted, packed, and checked in many cases by unlicensed persons. Respondent was employed as a staff pharmacist for the business before Quantum took over, and knew that this was the situation.

4 Respondent recognized at the time he became managing pharmacist in March, 1993, that as long as auxiliary personnel were to be used for procuring, measuring or counting prefabricated dosage forms, that a final check was required to be performed by a licensed pharmacist, and that this would require additional pharmacist staff and other improvements in operations which would enable the pharmacists to devote sufficient time to checking and performing all other duties which must be performed only by licensees. Respondent has no financial investment or interest in the profitability of the business, and promptly requested the owner to provide sufficient licensed staff to comply with the rules.

5. When Quantum took over the business in March, 1993, approximately 100-110 hours per week of pharmacist time were devoted to the business. In fact, approximately 150-175 hours of pharmacist and intern time would have been required to check all medications. During the period March, 1993 to August, 1994, respondent's superiors did (at respondent's repeated request) diligently attempt to recruit pharmacy staff and did contract for temporary pharmacists' services, and respondent did make other improvements in efficiency which enabled respondent and his licensed pharmacists and interns to check an increasing percentage of the dispensed medications. Between March, 1993, and August, 1994, the business did not substantially change in size. In August, 1994, respondent achieved a level of staffing and efficiency in operations which provided for a pharmacist check of all medications procured, measured, or counted by auxiliary personnel, for all patients.

6. The Board recognizes that in this matter the managing pharmacist did not have full authority to expend monies to provide sufficient levels of licensed staff, and did not personally gain from noncompliance. However, respondent's acceptance of the responsibility of being the managing pharmacist requires that he accept responsibility for such noncompliance. The managing pharmacist is responsible by law for the professional operations of the pharmacy, and its compliance with professional standards and legal requirements.

#### CONCLUSIONS OF LAW

7. The Wisconsin Pharmacy Examining Board has jurisdiction to act in this matter pursuant to §450.10, Wis. Stats. and is authorized to enter into the attached Stipulation pursuant to §227.44(5), Wis. Stats.

8. The conduct described in paragraph 3, above, violated § Phar 7.01(1)(c), Wis. Adm. Code, and §450.09(1), Wis. Stats. Such conduct constitutes unprofessional conduct within the meaning of the Code and statutes.

#### ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, that Paul J. Barfknecht, R.Ph., is REPRIMANDED for his unprofessional conduct in this matter

IT IS FURTHER ORDERED, that the license to practice pharmacy of respondent is LIMITED in the following respect: respondent shall not be the managing pharmacist of any pharmacy for twenty four months from the date of this Order.

IT IS FURTHER ORDERED, that respondent shall FORFEIT \$1,000, to be paid within 90 days of this Order.

IT IS FURTHER ORDERED, that pursuant to §227.51(3), Wis. Stats., and ch. RL 6, Wis. Adm. Code, if the Board determines that there is probable cause to believe that respondent has violated any term of this Final Decision and Order, the Board may order that the license of respondent be summarily suspended pending investigation of the alleged violation.

Dated this 13 day of June, 1995.
