STATE OF WISCONSIN
BEFORE THE BOARD OF NURSING

IN THE MATTER OF
DISCIPLINARY PROCEEDINGS AGAINST

LISA MARIE AMICK, RN,

ORDER SUSPENDING THE LICENSE

Respondent

On September 17, 1999, the Board of Nursing issued its Final Decision and Order in the above-captioned matter. By the terms of the board's order, respondent's license to practice as a registered nurse in Wisconsin was suspended for an indefinite period, with provision for grant of successive three-month stays of the suspension conditioned upon compliance with certain conditions and limitations on the license. Among these were that respondent's application for a stay be accompanied by a current evaluation of her condition and proof of her enrollment in a drug treatment program. Upon grant of the stay, Ms. Amick was required, among other conditions, to participate in psychotherapy a minimum of four times each month, and participate in program of random witnessed monitoring for controlled substances and alcohol in her blood or urine on a frequency of not less than four times per month.

On April 6, 2001, Ms Amick appeared before the board in support of her petition for a stay of the suspension of her license, and the board granted the stay by its Order dated April 12, 2001.

On August 2, 2001, the board considered Ms. Amick's request for a further three month stay of the suspension of her license. The board also considered evidence of Ms. Amick's failure to comply with the terms and conditions of her limited license. Accordingly, the board terminated the stay of suspension of Ms. Amick's license.

On October 11, 2001, the board denied Ms. Amick's requested reinstatement of the stay of suspension, and invited Ms. Amick to meet with the board to discuss the matter on December 6, 2001.

Ms. Amick appeared before the board on December 6, 2001, in support of her petition for a further stay, and the board granted the stay by its Order dated December 18, 2001.

On March 1, 2002, the board considered Ms. Amick's request for an additional stay, and her further request that the number of required therapy sessions be reduced. The board granted the requests by its Order dated March 11, 2002.

On April 4, 2002, the board considered evidence that Ms. Amick tested positive for opiates on March 26, 2002, in violation of the board's Order. Accordingly, it is ordered as follows:

ORDER

NOW, THEREFORE, IT IS ORDERED that Ms. Amick's license is hereby suspended. Ms. Amick may petition for a further three month stay of suspension upon submission of satisfactory evidence that she has been in full compliance with the board's Order during the preceding three month period.

Dated this 12th day of April, 2002.
