Ms. Bushong is not restricted from access to or administration of controlled substances in her work setting. However, in the event that the Supervising Health Care Provider recommends restrictions upon access to controlled substances, the Board may Order such restrictions and Ms Bushong must comply. She is required to practice only under the general supervision of a licensed professional nurse or other licensed health care professional approved by the Board or in a work setting pre-approved by the Board or its designated agent.

Finally, Ms. Bushong was required to arrange for her employer to provide formal written reports to the board on a quarterly basis, assessing Ms. Bushong's work performance.

On January 10, 2003, and April 4, 2003, the board granted Ms. Bushong's petitions for further three month stays of the suspension of her license.

On August 8, 2003, the board considered Ms. Bushong's petition for a further three month stay of the suspension of her license. The board was concerned over the number of medication errors committed by Ms. Bushong, as well as her failure to notify the board of the incident where she left work before her shift was over. Nonetheless, the board orders as follows:
