On October 4, 2001, the Board of Nursing issued its Final Decision and Order ("*Order*") in the above-captioned matter. By the terms of the board's order, respondent's license to practice as a registered nurse in Wisconsin was suspended for an indefinite period. The Order provided that respondent could petition for a three month stay of the suspension at any time, with provision for additional stays conditioned upon respondent's compliance with certain conditions and limitations on her license. Respondent was also required to participate in a drug screening program consisting of at least one screen per week.

Further stays were granted by the board on January 4, 2002, April 4, 2002 July 22, 2002, October 15, 2002, January 10, 2003, and April 9, 2003.

On August 8, 2003, the board granted Ms. Anglehart's request for a further three month stay of the suspension, and denied her further request that the number of group therapy meetings be reduced or that the requirement be eliminated.

On October 3, 2003, the board granted Ms. Anglehart's request for a further three month stay of suspension.

On January 15, 2004, the board considered Ms. Anglehart's request for a further three month stay of the suspension, and her further request that the number of group therapy meetings be reduced to (1x) once per month, and that her required urine screens be reduced to a frequency of (1x) once per week. Both requests were supported by her therapist. Based upon that request, and upon other evidence in this matter, the board orders as follows:

ORDER
