PROCEDURAL HISTORY

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter subject to the approval of the Board of Nursing. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Brenda Kathleen Vike, R.N., Respondent, date of birth December 10, 1963, is licensed by the Wisconsin Board of Nursing as a registered nurse in the state of Wisconsin pursuant to license number 92016, which was first granted August 31 1985.
2. Respondent's last address reported to the Department of Regulation and Licensing is 966 Yuma Circle Stoughton, WI 53589.
3. During the events of this matter, Respondent was employed as a registered nurse at St. Mary's Hospital Medical Center in Madison, Wisconsin.
4. Respondent has reported that she suffers from chronic pain and migraine headaches. In the past, Respondent has been prescribed Percocet and OxyContin, analgesics which are schedule II controlled substances, to manage her pain.
5. During 2005, Respondent's sister was in the terminal stage of cancer and was prescribed large quantities of lollipop-like sticks containing fentanyl, an analgesic which is a schedule II controlled substance. Respondent acknowledges that in July 2005, Respondent began taking and ingesting fentanyl lollipops which her sister allowed her to have. Respondent began taking three 200 mcg sticks daily. In August 2005, it increased to four 400 mcg sticks daily and by November 2005 Respondent was ingesting four 600 mcg sticks daily. Respondent did not have any order or prescription from a practitioner to possess or ingest these medications.

6. In mid-2005, St. Mary's hospital staff was noting behavior problems with Respondent. In late October 2005 while at work, Respondent told a new nursing graduate that the lollipop Respondent had in her mouth was a fentanyl lollipop. The new graduate reported the conversation to the Director of the Nursing Float Pool, who recalled there had been a number of times when Respondent had a lollipop in her mouth while working.

7. On November 2, 2005, the Director confronted Respondent who admitted to having taken 600 mcg of fentanyl prior to beginning her shift. Respondent initially said she had a prescription for the fentanyl but upon further discussion admitted that she was lying and that she had obtained the drug from her sister. When asked if she had any fentanyl in her possession, Respondent turned over four of the 600 mcg Fentanyl sticks that she had in her work locker.

8. On November 3, 2005, Respondent's employment at St. Mary's was terminated for possession and use of controlled substance without a prescription.

9. On November 11, 2005, Respondent had an AODA assessment performed at Gateway Recovery in Madison and was diagnosed with Opioid Dependence with physiological dependence. From December 5 to December 8, 2005 Respondent was admitted to Stoughton Hospital for narcotic medication addiction and detoxification. Her admission diagnoses were: narcotic medication addiction and narcotic medication withdrawal. Her discharge diagnoses were: substance abuse primarily with opiates; depression & chronic migraine headaches.

10. Respondent is not currently employed as a nurse.

#### CONCLUSIONS OF LAW

1. The Wisconsin Board of Nursing has jurisdiction over this matter pursuant to Wis. Stat. § 441.07 and has authority to enter into this stipulated resolution of this matter pursuant to Wis. Stat. § 227.44(5).

2. Respondent, by using the fentanyl at work as set out above, has used a drug to an extent that such use impaired her ability to safely or reliably practice which is a violation of Wis. Admin. Code § N 7.03(2) and is subject to discipline pursuant to Wis. Stat. § 441.07(1)(c).

3. Respondent, by obtaining a drug other than in the course of legitimate practice and as otherwise prohibited by law, as set out above, has committed misconduct and unprofessional conduct as defined by Wis. Admin. Code § N 7.04(2) and is subject to discipline pursuant to Wis. Stat. § 441.07(1)(d).

#### ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, effective the date of this Order:

#### SUSPENSION

A.1. The license of Brenda Kathleen Vike, R.N., to practice as a registered nurse in the State of Wisconsin is SUSPENDED for an indefinite period of time.

A.2. Respondent shall mail or physically deliver all indicia of nursing licensure to the Department Monitor within 14 days of the effective date of this Order.

A.3. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.4. for return of full licensure.

A.4. The Board may, on its own motion or at the request of the Department Monitor, grant full licensure at any time.

#### STAY OF SUSPENSION

B.1. The suspension shall not be stayed for the first three (3) months, but any time after three months, the suspension shall be stayed upon Respondent petitioning the Board and providing proof, which is determined by the Board or its designee to be sufficient, that Respondent has been in compliance with the provisions of Sections C and D of this

Order for the most recent three (3) consecutive months.

- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.
- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
- (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or
  - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code § RL 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.
