PROCEDURAL HISTORY

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Julie Lynn Capodarco (dob: 5/7/70) is and was at all times relevant to the facts set forth herein a practical nurse licensed in the State of Wisconsin pursuant to license #301732. This license was first granted 9/2/98.
2. On 7/16/01, and while employed as a practical nurse at the Lincoln Lutheran Care Center, Racine, Wisconsin, Respondent diverted the Schedule II controlled substance, morphine, from a patient for her personal use. Respondent was subsequently convicted on 11/12/01 in Racine County Circuit Court of felony possession of narcotic drugs, contrary to Wis. Stat. § 961.41(3g)(a)1. Sentence was withheld and Respondent was placed on probation for three years, on conditions which included a requirement that she possess no controlled substance without a valid prescription, submit to random urine drug testing, and obtain an AODA assessment and follow through with recommendations. She was also required to spend 30 days in the county jail during non-working hours, but this requirement was stayed, and she was given credit for 16 days already spent in confinement. The Board was not informed of this conviction or the underlying facts until the current investigation was opened.
3. On 4/30/03, Respondent telephoned a pharmacy posing as a member of the staff of a Dr. S., and purporting to be calling in a prescription for acetaminophen with codeine, a Schedule II controlled substance, for a patient on behalf of Dr. S. In fact, the patient was a member of Respondent's family, and Dr. S. had not authorized any such prescription order; Respondent intended the medication for herself.
4. Respondent was also convicted on 10/7/03 in Racine County Circuit Court, of felony obtaining a controlled substance by fraud contrary to Wis. Stat. § 939.62(1)(b), growing out of the facts set forth in par. 3, above. Sentence was withheld and Respondent was placed on probation for 4 years. Conditions included that she maintain absolute sobriety and take no unprescribed medication. The Board was not informed of this conviction or the underlying facts until the current

investigation was opened.

5. Following an evaluation at Genesis Behavioral Services, Racine, Wisconsin, Respondent was diagnosed with opioid dependence. Respondent has participated in treatment for her condition at several facilities.

6. Respondent is currently engaged in nursing practice, and her employer (an agency) is aware of her history and has provided a positive work report; Respondent has worked for this employer for 2½ years, including with access to controlled substances. Respondent's probation agent reports that Respondent has complied with all conditions of probation and that her urine screens have been negative since she was placed on probation on 10/7/03.

7. During the investigation of this matter, it was discovered that the Department of Regulation and Licensing had erroneously issued license #136519, as a professional nurse, to Respondent on 9/26/00. Respondent recognized that this license was issued in error, and did not practice under this license; she allowed it to lapse when it expired on 2/28/02.

CONCLUSIONS OF LAW

A. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07(1)(b),(c), and (d), and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

B. The conduct described in paragraphs 2 through 4, above, violated Wis. Adm. Code § N 7.04(1), (2) and (15). Such conduct constitutes unprofessional conduct within the meaning of the Code and statutes.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, that professional nurse license #136519, which was issued in error, is cancelled.

IT IS FURTHER ORDERED, effective the date of this Order:

A.2. Respondent shall mail or physically deliver all indicia of nursing licensure to the Department Monitor within 14 days of the effective date of this order.

A.3. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years from 10/7/03, with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.4. for return of full licensure.

A.4. The Board may, on its own motion or at the request of the Department Monitor, grant full licensure at any time.

STAY OF SUSPENSION

B1. The suspension is hereby stayed based upon Respondent having provided proof, which was determined by the Board or its designee to be sufficient, that Respondent is in compliance with the provisions of Sections C and D of this Order.

B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.

B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:

- (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or

The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.
