- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Regulation and Licensing from November, 1998 to the present. The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Regulation and Licensing, PO Box 8935, Madison, WI 53708-8935. PROCEDURAL HISTORY

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board of Nursing. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Jacqueline R. Slayton, R.N., Respondent, date of birth September 21, 1966, is licensed by the Wisconsin Board of Nursing as a registered nurse in the State of Wisconsin pursuant to license number 100265, which was first granted September 7, 1988.

2. Respondent's address of record with the Department of Regulation and Licensing is 102 Stonehaven Circle, Beaver Dam, WI 53916.

3. At the time of the events set out below, Respondent was employed as a registered nurse (RN) by Agnesian Healthcare/St. Agnes Hospital in Fond du Lac, Wisconsin.

4. On January 20, 2008, Respondent was scheduled to work the PM (3:00-11:00 p.m.) shift on the obstetrics (OB) unit. At 2:00 a.m. on January 21, three hours after Respondent's shift ended, Respondent was observed on 3SP, a different floor, PRNing the floor and changing PCA (patient-controlled analgesia) cassettes. When asked what she was doing there, Respondent stated that she went to 3SP to get some Tylenol for herself from another nurse and saw that they were busy. She offered to help out since OB was not busy at the time. A supervisor told Respondent that she could not just decide to PRN a floor or stay three hours past her shift without going through administration first. Respondent appeared surprised and became tearful and apologetic.

5. As a result of Respondent's suspicious behavior on January 21, an investigation was conducted into suspected

drug diversions by Respondent. The initial investigation revealed that Respondent repeatedly removed meperidine (Brand name Demerol) on override, without physician's orders, often without documentation in patient charts and often claiming to have wasted the medication. On one occasion, Respondent contacted a physician to request that a patient's pain medication be changed to meperidine. Respondent then brought what was supposed to have been an unopened 50 ml cassette of a meperidine to the patient, who rejected the medication change. When the supervising nurse wasted the meperidine, she saw that it contained only about 36 ml and not the full 50 ml it should have contained. Meperidine is a narcotic analgesic and Schedule II controlled substance.

6. Respondent admitted that she administered controlled substances without physicians' orders and sometimes without documenting its administration. She recalled sometimes wasting the same medication after a physician changed an order, and after she mistakenly removed the medication.

7. Respondent states that she intends to take a break from nursing, and explains:

As I look back on my errors and have realized how understaffing and being so busy has lead me to become less focused because of fatigue and constantly caring for patients without breaks or even most shifts even a supper. I am taking a break from nursing to focus on my family at this time.

### CONCLUSIONS OF LAW

1. The Wisconsin Board of Nursing has jurisdiction over this matter pursuant to Wis. Stat. § 441.07 and authority to enter into this stipulated resolution pursuant to Wis. Stat. § 227.44(5).

2. Respondent, by obtaining a drug other than in the course of legitimate practice and as otherwise prohibited by law, as set out above, has committed misconduct and unprofessional conduct as defined by Wis. Admin. Code § N 7.04(2) and is subject to discipline pursuant to Wis. Stat. § 441.07(1)(d).

3. Respondent, by her conduct, has abused substances to an extent that such use impairs her ability to safely or reliably practice, as defined by Wis. Admin. Code § N 7.03(2), which subjects Respondent to discipline pursuant to Wis. Stat § 441.07(1)(c).

### ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED:

1. The SURRENDER by Jacqueline R. Slayton, R.N., Respondent, of her license as a registered nurse in the state of Wisconsin is hereby ACCEPTED, effective immediately.

2. In the event that Respondent re-applies for Wisconsin licensure as a nurse, the Board may enter an order denying such application unless Respondent provides evidence sufficient to convince the Board that she has been abstinent from drugs and alcohol for at least one year immediately preceding her application. Such evidence must include at least 56 random drug tests by an approved drug testing program. Respondent hereby expressly waives all rights to a hearing on any resulting application denial.

3. If the Board grants Respondent a nursing license at any time in the future, the terms and conditions of sections A through D below will apply to her license:

### SUSPENSION

A.1. The license of Jacqueline R. Slayton, R.N., to practice as a nurse in the State of Wisconsin will be SUSPENDED for an indefinite period immediately upon issuance.

A.2. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of the Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory board in the other state.

- A.3 Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.4. for return of full Wisconsin licensure.
- A.4 The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

### STAY OF SUSPENSION

- B.1. The suspension of Respondent's Wisconsin nursing license shall be stayed upon Respondent petitioning the Board and providing proof, which is determined by the Board or its designee to be sufficient, that Respondent has been in compliance with the provisions of Sections C and D of this Order for the most recent three (3) consecutive months.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.
- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
- (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or
  - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. RL 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.

### CONDITIONS AND LIMITATIONS

C.15. If any urine, blood or hair specimen is positive or suspected positive for any controlled substances or alcohol, Respondent shall promptly submit to additional tests or examinations as the Treater or the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.

C.16. In addition to any requirement of the Approved Program, the Board or its designee may require Respondent to do any or all of the following: (a) submit additional urine specimens, (b) submit blood, hair or breath specimens, (c) furnish any specimen in a directly witnessed manner.

C.17. All confirmed positive test results shall be presumed to be valid. Respondent must prove by a preponderance of the evidence an error in collection, testing or other fault in the chain of custody.
