PROCEDURAL HISTORY

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board of Nursing. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Craig A. Peske, R.N., Respondent, date of birth June 10, 1974, is licensed by the Wisconsin Board of Nursing as a registered nurse in the state of Wisconsin pursuant to license number 151407, which was first granted July 28, 2005.
2. Respondent's last address reported to the Department of Regulation and Licensing is 2820 Lime Kiln Road, Green Bay, WI 54301.
3. At the time of the events set out below, Respondent was employed as a registered nurse at Aspirus Wausau Hospital, 333 Pine Ridge Boulevard, Wausau, Wisconsin.
4. On June 4, 2007, Respondent began working in Aspirus Hospital's emergency room. On September 21, 2007, his employment was terminated for unspecified performance issues.
5. After Respondent was terminated, an anomalous usage report revealed that Respondent had withdrawn an extraordinary amount of hydromorphone (Dilaudid) from the Pyxis system. During the period between June 29, 2007 and September 26, 2007, 41 nurses dispensed an average of 28 syringes of hydromorphone. During the same period,

Respondent dispensed 245 syringes of hydromorphone.

6. A subsequent audit of Respondent's use of the hydromorphone revealed that on multiple occasions, Respondent had not dispensed the hydromorphone, nor had he properly wasted the drug. On other occasions, Respondent appeared to have altered prescriptions for the drug.

7. On November 14, 2007, a Wausau police officer interviewed Respondent. The interview was recorded, and Respondent was informed of his "Miranda Rights." Respondent told police that he used hydromorphone obtained through his work as a registered nurse "whenever the opportunity arose." He did not believe he was addicted because he never obtained the drug outside of work, and never had withdrawal symptoms. Respondent explained that he could quit when the drug was not available, "but when it's available that's a different story." He admitted that he used whenever the opportunity arose within the course of his work as a nurse.

8. Respondent explained that he obtained the hydromorphone by keeping amounts of the drug that should have been "wasted." He also admitted that he falsely documented increased dosages in patients' charts. Respondent stated that he never deprived patients of medication ordered on their behalf. Respondent did not have consent of the patients from whom he diverted medications.

9. Pursuant to Wis. Stat. § 961.16(2)(a)8, hydromorphone is a schedule II controlled substance.

10. On the dates in question, Respondent took hydromorphone without a written prescription from a practitioner, as required by Wis. Stat. § 961.38(1r) and (5).

11. On March 12, 2008, based upon Respondent's behavior described above, the Marathon County District Attorney, in case number 2008CF227, charged Respondent with six felony counts of possession of narcotic drugs, in violation of Wis. Stat. § 961.43(3g)(am), and six counts of misdemeanor theft, in violation of Wis. Stat. § 943.20(1)(a). A preliminary hearing is scheduled for February 2009.

12. On October 1, 2008, the North Carolina Board of Nursing revoked Respondent's privilege to practice in that state. According to the Order to Revoke Privilege to Practice ("the Order"), between March 21, 2008, and April 12, 2008, Respondent signed out 6450 mg of meperidine (Demerol) for which there were not physicians' orders, and for which Respondent failed to document administration or wasting.

13. The Order stated that, on April 18, 2008, Respondent refused to submit to a urine drug screen.

14. The Order stated that, on March 15, 2008, Respondent was falling asleep in a North Carolina emergency room while attempting to insert a child's IV.

15. Pursuant to Wis. Stat. §§ 961.16(3) and 961.38(1), meperidine is a schedule II controlled substance, for which a written prescription is required.

16. Respondent denies working while impaired.

5. In the event that Respondent re-applies for Wisconsin licensure as a nurse, the Board may enter an order denying such application unless Respondent provides evidence sufficient to convince the Board that he has been abstinent from unprescribed narcotic drugs for at least one year immediately preceding his application. Such evidence must include at least 56 random drug tests by an approved drug testing program. Respondent hereby expressly waives all rights to a hearing on any resulting application denial.

6. If the Board grants Respondent a nursing license at any time in the future, the terms and conditions of sections A through D below will apply to his license:

SUSPENSION

- A.1. The license of Craig A. Peske, R.N., to practice as a nurse in the State of Wisconsin will be SUSPENDED for an indefinite period immediately upon issuance.
- A.2. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of the Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory board in the other state.
- A.3. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.4. for return of full Wisconsin licensure.
- A.4. The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

STAY OF SUSPENSION

- B.1. The suspension of Respondent's Wisconsin nursing license shall be stayed upon Respondent petitioning the Board and providing proof, which is determined by the Board or its designee to be sufficient, that Respondent has been in compliance with the provisions of Sections C and D of this Order for the most recent three (3) consecutive months.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.
- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
 - (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or
 - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. RL 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.
