PROCEDURAL HISTORY

A disciplinary proceeding was commenced in this matter by the filing of a Notice of Hearing and Complaint with the Board on 11/4/09. Prior to the hearing on the Complaint, the parties in this matter agreed to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Jayne A. Garbade (dob: 7/4/55) is and was at all times relevant to the facts set forth herein a professional nurse licensed in the State of Wisconsin pursuant to license #102297. This license was first granted 8/25/89. Respondent was disciplined by the Board in file 92 Nur 196 (11/5/93) for signing out oral dosage for one patient who was comatose and had no order for the medication. Respondent was required to undergo an assessment, cooperate with any recommended treatment for drug abuse, and be monitored. She was disciplined again in file 95 Nur 126 (9/8/95 and 11/13/95) for forging a drug screening witness sheet in conjunction with the monitoring required as a condition of her continued licensure, by having the stay of suspension

terminated and thus the suspension taking effect, for a period of two months. Her unlimited license was restored on 7/20/96.

2. On 5/6/04, and while employed as a professional nurse at the Columbia St. Mary's Hospital, Milwaukee, Wisconsin, Respondent was assigned to care for a diabetic patient. The physician's orders for this patient included hourly glucose tests and to call the physician if the glucose readings were outside the 100-200 range after 4 hours. In fact, Respondent failed to perform all the required tests although she charted that she had done so with test result numbers which were not supported by the glucose measuring device. The readings that she did perform were above 200 for more than 4 hours, and she failed to call the physician. Respondent was disciplined by her employer for these actions.

3. On and between 5/22/05 and 5/24/05, and while employed as a professional nurse at the Columbia St. Mary's Hospital, Milwaukee, Wisconsin, Respondent signed out 21 oral dosage units of oxycodone, meperidine, and codeine products, all of which are controlled substances, for various patients, but did not document the administration of these to the patients for whom they had been ordered. At other times, Respondent had accurately and completely charted administration of similar medications for patients.

4. On 9/15/07, and while employed as a professional nurse at the Cameo Care Center nursing home, Milwaukee, Wisconsin, Respondent received a "bubblepack" of 30 oral dosage units of an oxycodone product, a Schedule II controlled substance, from the pharmacy, intended for a patient, who was charged for the medication. Respondent failed to log the medication in with a second nurse and then to lock it in the medication room, as required by her employer's policy, and stated that she left it sitting out at the nurses' station. The medication could not later be found. On 9/17/07, Respondent was required to provide a sample of urine from her body during the investigation of the missing medication, and was found to have oxycodone (1982 ng/mL), hydromorphone (1596 ng/mL), morphine (507,400 ng/mL) and codeine (9,196 ng/mL) (all of which are controlled substances) in her urine; Respondent had no prescription which could account for such results.

5. On or about 3/1/09, and while employed as a professional nurse at the Gables On The Pond assisted living facility, Random Lake, Wisconsin, Respondent diverted approximately 30 pills of a hydrocodone product, a Schedule III controlled substance, from a resident's supply.

6. Respondent has moved to Arkansas, where she obtained a nursing license which is presently the subject of disciplinary proceedings.

7. Respondent desires to settle this matter on terms and conditions which will allow her to practice in Arkansas.

CONCLUSIONS OF LAW

A. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07(1)(b),(c), and (d), and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

B. The conduct described in paragraph 2, above, violated Wis. Adm. Code §§ N 7.03(1)(b), (c), and (d), and 7.04(6). The conduct described in pars. 3, 4, and 5, above, violated Wis. Adm. Code § N 7.04(1), (2) and (15). All of the conduct described in pars. 2-5, above, violated Wis. Stat. § 441.07(1)(d). Such conduct constitutes unprofessional conduct within the meaning of the Code and statutes.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, that if Respondent is not able to settle the pending disciplinary proceeding in Arkansas in a manner which allows her to practice nursing under conditions substantially similar to those set forth in this order, she may notify the Wisconsin Board of Nursing that she withdraws from the attached stipulation, which agrees to this Order. The Board will then vacate this Order, and the disciplinary proceedings shall proceed without prejudice to either side.

IT IS FURTHER ORDERED, effective the date of this Order:

SUSPENSION

- A.1. The license of Jayne A. Garbade, R.N., to practice as a nurse in the State of Wisconsin is **SUSPENDED** for 30 days (as discipline for the conduct described in pars. 2 and 5 of the Findings of Fact, above), and then for an indefinite period. The privilege of Respondent to practice as a nurse in the State of Wisconsin under the authority of another state license pursuant to the Nurse Licensure Compact is also **SUSPENDED** for an indefinite period.
- A.2. Respondent shall mail or physically deliver all indicia of nursing licensure to the Department Monitor within 14 days of the effective date of this order.
- A.3. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of the Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory authority in the other state.
- A.4. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.4. for return of full licensure.
- A.5. The Board may, on its own motion or at the request of the Department Monitor, grant full licensure at any time.

STAY OF SUSPENSION

- B.1. The suspension shall be stayed upon Respondent petitioning the Board and providing proof, which is determined by the Board or its designee to be sufficient, that Respondent

is in compliance with the provisions of Sections C and D of this Order, and has been in compliance for the previous three months. Notwithstanding section C.14., below, Respondent's compliance with the testing requirements may be established with a testing rate of 14/yr during this period.

- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.
- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
 - (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or
 - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. RL 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.

CONDITIONS AND LIMITATIONS
