PROCEDURAL HISTORY

A disciplinary proceeding was commenced in this matter by the filing of a Notice of Hearing and Complaint with the Board on 5/18/10. Prior to the hearing on the Complaint, the parties in this matter agreed to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Kathleen A. Rinker (dob: 10/22/59) is and was at all times relevant to the facts set forth herein a professional nurse licensed in the State of Wisconsin pursuant to license #118914. This license was first granted 9/22/96.

2. On 8/6/09, and while employed as a professional nurse at the Cedar Spring Health & Rehabilitation Center, a skilled nursing facility in Cedarburg, Wisconsin, Respondent signed out two dosage units of an oxycodone product, a Schedule II controlled substance, for resident D.G., at 9 AM. On 8/7/09, Respondent signed out two dosage units of this product at 8 AM, and two more at 12:00 Noon, for the resident. This resident had no history of requesting pain medication

in the previous month. There is no entry in the Pain Flow Sheet supporting the use of this medication, nor is there any documentation in the Medication Administration Record that the medication was actually administered to the patient. Respondent represents to the Board that she administered the medication to the patient.

3. On 8/6/09, and while employed as a professional nurse at the Cedar Spring Health & Rehabilitation Center, a skilled nursing facility in Cedarburg, Wisconsin, Respondent signed out one dosage unit of an oxycodone product for resident V.G., at 8 AM. On 8/7/09, Respondent signed out two dosage units of an oxycodone product for the resident at 8 AM, and another two at 12:00 Noon. On 8/10/09, Respondent signed out one dosage unit of an oxycodone product for the resident at 8 AM. There is no entry made in the Pain Flow Sheet which demonstrated a need for the medication in any respect, and the Medication Administration Record does not document that any of these medications were administered to the resident. The resident had no history of requesting pain medication; on only one other occasion did any nurse administer any pain medication to this resident. Respondent represents to the Board that she administered all of the medication to the resident.

4. On 8/11/09, and while employed as a professional nurse at the Cedar Spring Health & Rehabilitation Center, a skilled nursing facility in Cedarburg, Wisconsin, Respondent signed out two dosage units of a hydrocodone product, a Schedule III controlled substance, for resident G.L., at 8 AM, and another two at 12:00 Noon. This resident had no history of requesting pain medication at this facility, although she had resided there for many months. The Medication Administration Record filled out by Respondent documents the administration of one dosage unit of this medication at 8 AM, but no other administration of this medication. Respondent represents to the Board that she administered all the medication to the Resident.

5. On 8/12/09, and while employed as a professional nurse at the Cedar Spring Health & Rehabilitation Center, a skilled nursing facility in Cedarburg, Wisconsin, Respondent signed out two dosage units of an oxycodone 5mg product for resident E. V. at 8 AM, and another two at 12:00 Noon. At that time, no other nurse had ever signed out more than one such dosage unit at a time, and this medication was requested by the resident only at night; the resident had resided at the facility for many months. There is no documentation on the "pain flow sheet" to the effect that the resident was assessed for pain or otherwise needed the medication, and there is no documentation on the Medication Administration Record form that the medication was actually administered to the resident. On 8/14/09, the resident specifically denied requesting or receiving any of the medication. Respondent represents to the Board that she administered all of this medication to the resident.

6. Following an assessment at Ozaukee County Counseling Center of the Ozaukee County Department of Human Services, Respondent was not diagnosed with any substance abuse or dependence. Respondent represents to the Board that she was entirely truthful and complete in her responses to the assessor.

CONCLUSIONS OF LAW

A. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07(1)(b),(c), and (d), and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

B. The conduct described in paragraphs 2 through 5, above, violated Wis. Adm. Code §§ N 7.03(2)(c) and N 7.04(15). Such conduct constitutes unprofessional conduct within the meaning of the Code and statutes.

ORDER

IT IS ORDERED, that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, effective the date of this Order:

SUSPENSION

- A.2. The privilege of Respondent to practice as a nurse in the State of Wisconsin under the authority of another state's license pursuant to the Nurse Licensure Compact is also **SUSPENDED** for an indefinite period.
- A.3. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of a Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory board in the other state.
- A.4. Respondent shall mail or physically deliver all indicia of Wisconsin nursing licensure to the Department Monitor within 14 days of the effective date of this Order. Limited credentials can be printed from the Department of Regulation and Licensing website at <http://drl.wi.gov/index.htm>.
- A.5. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.6. for return of full Wisconsin licensure. The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

STAY OF SUSPENSION

- B.1. The suspension of Respondent's Wisconsin nursing license shall be stayed upon Respondent petitioning the Board and providing proof, which is determined by the Board or its designee to be sufficient, that Respondent is in compliance with the provisions of Sections C and D of this Order, and has paid the assessed Costs.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in

conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.

- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
 - (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or
 - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. RL 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.
