- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Regulation and Licensing from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.

The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Regulation and Licensing, PO Box 8935, Madison, WI 53708-8935. - Reported decisions may have an appeal pending, and discipline may be stayed during the appeal. Information about the current status of a credential issued by the Department of Regulation and Licensing is shown on the Department's Web Site under "License Lookup." PROCEEDINGS AGAINST

FINAL DECISION AND ORDER

RICHARD L. SHERLOWSKY, R.N.,
RESPONDENT.

Order 00005610

PROCEDURAL HISTORY

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Richard L. Sherlowsky (dob: 8/20/57) is and was at all times relevant to the facts set forth herein a professional nurse licensed in the State of Wisconsin pursuant to license #111318. This license was first granted 9/11/92.

2. On 12/14/06, and while employed as a professional nurse at the Maxim Healthcare Services, Respondent was assigned to work at the home of a ventilator-dependent client, who resided with another ventilator-dependent client; each client had an attending nurse. Respondent telephoned to say that he had car trouble, and would be late. Respondent did not notify Maxim further on that day, and did not appear at any time during his shift. Respondent represents to the Board that he had a panic attack, for which he has received treatment and which is under control, and has released his patient health care records to the Board, which reflect such treatment.

3. On 12/28/09, and while employed as a professional nurse at Maxim Healthcare Services, Respondent was on duty at the home of a different client. While on duty, he slipped and fell; pursuant to agency policy he was required to submit a sample of urine from his body for drug testing. Respondent's urine had 356 ng/ml of cocaine metabolite. Respondent was discharged by Maxim Healthcare Services, as a result of this test result.

4. On 1/19/10, Respondent was interviewed by Board staff, and denied using cocaine in any respect. Respondent asserted that any cocaine in his body was exclusively from passive inhalation of cocaine used by his domestic partner.

5. The scientific review officer for the laboratory which analyzed Respondent's urine has informed the Board that passive inhalation would not result in a level above 150 ng/ml, the cutoff level for detection by the analytic process.

6. Respondent is presently prescribed a benzodiazepine for anxiety, and a hydrocodone product for chronic back pain. Respondent's chart and pharmacy profile demonstrate that he is taking hydrocodone in excess of the dosage instructions from the prescriber, and that this issue has not been discussed with the prescriber.

7. During an AODA evaluation at Impact, West Allis, Wisconsin, on 6/24/10, Respondent admitted using cocaine the previous evening, with his domestic partner (at her urging), and that his usage was approximately every 3-6 months.

8. A recommendation for AODA treatment and monitoring was made, following this evaluation.

9. Respondent is not currently engaged in nursing practice.

CONCLUSIONS OF LAW

A. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07(1)(b),(c), and (d), and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

B. The conduct described in paragraphs 2 and 4, above, violated Wis. Adm. Code § N 7.04(intro). The conduct described in paragraphs 3 and 7, above, violated Wis. Adm. Code §§ N 7.03(2) and N 7.04(1), (2) and (15). Such conduct constitutes unprofessional conduct within the meaning of the Code and statutes.

ORDER

IT IS ORDERED, that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, that Richard L. Sherlowsky, R.N., is REPRIMANDED for the conduct described in paragraph 2, above.

IT IS FURTHER ORDERED, effective the date of this Order:

SUSPENSION

- A.1. The license of Richard L. Sherlowsky, R.N., to practice as a nurse in the State of Wisconsin is SUSPENDED for three months, and then for an indefinite period.
- A.2. The privilege of Respondent to practice as a nurse in the State of Wisconsin under the authority of another state's license pursuant to the Nurse Licensure Compact is also SUSPENDED for an indefinite period.
- A.3. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of a Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory board in the other state.
- A.4. Respondent shall mail or physically deliver all indicia of Wisconsin nursing licensure to the Department Monitor within 14 days of the effective date of this Order. Limited credentials can be printed from the Department of Regulation and Licensing website at <http://drl.wi.gov/index.htm>.
- A.5. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.6. for return of full Wisconsin licensure. The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

STAY OF SUSPENSION

- B.1. The suspension of Respondent's Wisconsin nursing license shall be stayed upon Respondent petitioning the Board and providing proof, which is determined by the Board or its designee to be sufficient, that Respondent is in compliance with the provisions of Sections C and D of this Order.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. Repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.
- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
 - (a) Mailing to Respondent's last-known address provided to the Department of Regulation and Licensing pursuant to Wis. Stat. § 440.11; or
 - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.

- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. RL 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.

After the first year, Respondent may petition the Board on an annual basis for a modification of the frequency of tests. The Board may adjust the frequency of testing on its own initiative at any time.
- C.15. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Respondent shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.

- C.16. In addition to any requirement of the Approved Program, the Board or its designee may require Respondent to do any or all of the following: (a) submit additional specimens; (b) furnish any specimen in a directly witnessed manner; or (c) submit specimens on a more frequent basis.
- C.17. All confirmed positive test results shall be presumed to be valid. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
