Please read this agreement prior to viewing the Decision:

- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Safety and Professional Services from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.

Because this data base changes constantly, the Department is not responsible for subsequent entries that update, correct or delete data. The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Safety and Professional Services, PO Box 8935, Madison, WI 53708-8935. The Department charges copying fees. *All requests must cite the case number, the date of the order, and respondent's name as it appears on the order.*
- Reported decisions may have an appeal pending, and discipline may be stayed during the appeal. Information about the current status of a credential issued by the Department of Safety and Professional Services is shown on the Department's Web Site under "License Lookup."
The status of an appeal may be found on court access websites at:

BACKGROUND

On August 15, 2007, the Wisconsin Medical Examining Board issued a Final Decision and Order (Order) indefinitely suspending Jennifer Nolden's physician assistant license (#748-23). The Order allowed Ms. Nolden to petition for a stay of the suspension conditioned upon certain limitations. The limitations included but were not limited drug and alcohol screening, and individual therapy sessions. On November 19, 2007, the Board granted Ms. Nolden an initial stay of the suspension. On December 15, 2008 the Board reduced Ms. Nolden's required drug screenings. Ms. Nolden is currently testing at 48 times per year.

On or about August 1, 2012, Ms. Nolden petitioned the Board for another reduction in her required drug screening. Based upon the information of record presented, the Board now finds and makes the following:
