On March 24, 2011, the Board of Nursing issued a Final Decision and Order ("Order") suspending Respondent's license to practice as a registered nurse in the state of Wisconsin (#146113-30) for an indefinite period. Respondent has been granted a stay of suspension and her license is currently limited with certain terms and conditions.

On April 11, 2013, the Board of Nursing considered Respondent's request for a reduction in the annual frequency of drug and alcohol screens and request for termination of therapy, required pursuant to the Order. Based upon the information of record, which does not include a recommendation for termination of therapy from the Respondent's therapist, the Board finds and makes the following:

ORDER

NOW, THEREFORE, IT IS ORDERED that Respondent's request for modification of the terms, specifically a reduction in the frequency of drug and alcohol screens, is hereby GRANTED. The Respondent's frequency of screens is reduced to fourteen (14) per year with one (1) annual hair test until Kelly S. Beers Dauman is employed as a nurse. When Respondent obtains said employment, the frequency of drug and alcohol screens shall be returned to no less than 48 per year, plus one annual hair test.

IT IS FURTHER ORDERED that Respondent's request for termination of therapy is DENIED.

This Order is effective the date of its signing.
