Division of Legal Services and Compliance¹ Case No. 12 NUR 418

The parties to this action for the purpose of Wis. Stat. § 227.53 are:

Laura K. Berweger, R.N.
109 South Milwaukee Street
Fredonia, WI 53021

Wisconsin Board of Nursing

Division of Legal Services and Compliance
Department of Safety and Professional Services
P.O. Box 8935

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Wisconsin Board of Nursing (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Laura K. Berweger, R.N. (dob February 16, 1969) is licensed in the State of Wisconsin as a professional nurse, having license number 30-154215, first issued on April 19, 2006 and current through February 28, 2014. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is 109 South Milwaukee Street, Fredonia, Wisconsin 53021.

¹ The Division of Legal Services and Compliance was formerly known as the Division of Enforcement.

2. On April 2, 2011, during a shift change at a community based residential facility (CBRF) in Saukville, Wisconsin, the 2nd shift employees reported to the oncoming 3rd shift nurse that Respondent had been acting strangely over the course of her shift. The 3rd shift nurse went to Respondent's residence, which was attached to the CBRF, and knocked several times with no response. The 3rd shift nurse entered Respondent's residence through an unlocked door and found Respondent apparently passed-out on a couch with the facility's narcotic medication charts and the keys to the medication cabinet lying next to her. The 3rd shift nurse called the Saukville Police Department and requested they evaluate Respondent for possible intoxication. Respondent was found to be intoxicated, in violation of her probation related to a previous Operating While Intoxicated conviction. Respondent was arrested for her probation violation, and terminated from her employment as a result of the incident.

3. In July 2011, Respondent began attending counseling through the Wisconsin Department of Corrections and was diagnosed with alcohol abuse.

4. On January 13, 2012, Respondent was admitted to the Department's Professional Assistance Procedure (PAP) program, a confidential program for chemically impaired professionals.

5. On four occasions between February 14 and March 5, 2012, Respondent tested positive for alcohol metabolites. Respondent admitted to the PAP coordinator that she had relapsed.

6. On five occasions between April 16 and August 22, 2012, Respondent tested positive for alcohol metabolites. Respondent denied any intentional use of alcohol. A follow-up blood test was scheduled for August 6, 2012, to confirm the positive test results. Respondent refused to submit a specimen at that time.

7. On September 12, 2012, Respondent was dismissed from the PAP for violating her "Agreement for Participation" by testing positive for alcohol metabolites on 9 different occasions and for refusing to submit a specimen on August 6, 2012, as ordered.

8. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.

CONCLUSIONS OF LAW

1. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07, and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

2. By the conduct described in the Findings of Fact, Respondent Laura K. Berweger, R.N., violated Wis. Admin. Code § N 7.03(2).

3. Therefore, Respondent Laura K. Berweger, R.N., is subject to discipline pursuant to Wis. Stat. § 441.07(1)(c).

ORDER

1. The attached Stipulation is accepted.
2. The professional nursing license issued to Respondent Laura K. Berweger, R.N., (license no. 30-154215) is SUSPENDED as follows:

SUSPENSION

- A.1. The license of Laura K. Berweger, R.N., to practice as a nurse in the State of Wisconsin is SUSPENDED for an indefinite period.
- A.2. The privilege of Laura K. Berweger, R.N., to practice as a nurse in the State of Wisconsin under the authority of another state's license pursuant to the Nurse Licensure Compact is also SUSPENDED for an indefinite period.
- A.3. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of a Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory board in the other state.
- A.4. Respondent shall mail or physically deliver all indicia of Wisconsin nursing licensure to the Department Monitor within 14 days of the effective date of this order. Limited credentials can be printed from the Department of Safety and Professional Services website at <http://dsps.wi.gov/Home>.
- A.5. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.6. for return of full Wisconsin licensure. The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

STAY OF SUSPENSION

- B.1. The suspension shall not be stayed for the first three (3) months, but any time after three (3) months the suspension may be stayed upon Respondent providing proof, which is determined by the Board or its designee to be sufficient, that Respondent has been in compliance with the provisions of Sections C and D of this Order for the most recent three (3) consecutive months.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. A substantial violation includes, but is not limited to, a positive drug or alcohol screen. A repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.

- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
- (a) Mailing to Respondent's last-known address provided to the Department of Safety and Professional Services pursuant to Wis. Stat. § 440.11; or
 - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. SPS 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within 60 days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.

CONDITIONS AND LIMITATIONS

Treatment Required

- C.1. Respondent shall enter into, and shall continue, drug and alcohol treatment with a treater acceptable to the Board or its designee ("Treater"). Respondent shall participate in, cooperate with, and follow all treatment recommended by Treater.

If Treater is unable or unwilling to serve as required by this Order, Respondent shall immediately seek approval of a successor Treater by the Board or its designee.
- C.4. The rehabilitation program shall include individual and/or group therapy sessions at a frequency to be determined by Treater. Therapy may end only with the approval of the Board or its designee, after receiving a petition for modification as required by D.5., below.
- C.5. Treater shall submit formal written reports to the Department Monitor on a quarterly basis, as directed by the Department Monitor. These reports shall assess Respondent's progress in drug and alcohol treatment. Treater shall report immediately to the Department Monitor any violation or suspected violation of this Order.

- C.6. Respondent shall provide and keep on file with Treater, all treatment facilities and personnel, laboratories and collections sites current releases complying with state and federal laws. The releases shall allow the Board, its designee, and any employee of the Department of Safety and Professional Services, Division of Enforcement to: (a) obtain all specimen screen results and patient health care and treatment records and reports, and (b) discuss the progress of Respondent's treatment and rehabilitation with Treater and

treatment facilities and personnel, laboratories and collection sites. Copies of these releases shall immediately be filed with the Department Monitor.

AA/NA Meetings

- C.7. Respondent shall at the time the controlled substance is ordered immediately sign a release in compliance with state and federal laws authorizing the practitioner to discuss Respondent's treatment with, and provide copies of treatment records to, Treater and the Board or its designee. Copies of these releases shall immediately be filed with the Department Monitor.
- C.10. Respondent shall abstain from all use of over-the-counter medications or other substances (including but not limited to natural substances such as poppy seeds) which may mask consumption of controlled substances or of alcohol, create false positive screening results, or interfere with Respondent's treatment and rehabilitation. It is Respondent's responsibility to educate herself about the medications and substances which may violate this paragraph, and to avoid those medications and substances.
- C.11. Respondent shall report to Treater and the Department Monitor all prescription medications and drugs taken by Respondent. Reports must be received within 24 hours of ingestion or administration of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Respondent shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.
- C.12. Respondent shall provide the Department Monitor with a list of over-the-counter medications and drugs that they may take from time to time. Over-the-counter medications and drugs that mask the consumption of controlled substances or of alcohol, create false positive screening results, or interfere with Respondent's treatment and rehabilitation, shall not be taken unless ordered by a physician and approved by Treater, in which case the drug must be reported as described in paragraph C.11.

Drug and Alcohol Screens

- C.13. Respondent shall enroll and begin participation in a drug and alcohol monitoring program which is approved by the Department ("Approved Program").
- C.14. At the time Respondent enrolls in the Approved Program, Respondent shall review all of the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug and alcohol monitoring established by the

Approved Program is a substantial violation of this Order. The requirements shall include:

- (a.) Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
 - (b.) Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.
- C.15. The Approved Program shall require the testing of specimens at a frequency of not less than 49 times per year, for the first year of this Order. After the first year, Respondent may petition the Board on an annual basis for a modification of the frequency of tests. The board may adjust the frequency of testing on its own initiative at any time.
- C.16. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Respondent shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.
- C.17. In addition to any requirement of the Approved Program, the Board or its designee may require Respondent to do any or all of the following: (a) submit additional specimens; (b) furnish any specimen in a directly witnessed manner; or (c) submit specimens on a more frequent basis.
- C.18. All confirmed positive test results shall be presumed to be valid. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- C.19. The Approved Program shall submit information and reports to the Department Monitor as directed.

These reports shall assess Respondent's work performance, and shall include the number of hours of active nursing practice worked during that quarter. If a report

indicates poor performance, the Board may institute appropriate corrective limitations, or may revoke a stay of the suspension, in its discretion.
