ORDER

3. The professional nursing license issued to Respondent (license number 180823-30) to practice nursing in the State of Wisconsin, and her privilege to practice in Wisconsin pursuant to the Nurse Licensure Compact, is LIMITED as follows:

a. For a period of at least two (2) years from the date of this Order:

i. Respondent shall enroll and participate in a drug monitoring program which is approved by the Department (Approved Program).

ii. At the time Respondent enrolls in the Approved Program, Respondent shall review all of the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug monitoring established by

1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
 2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.

in which case the drug must be reported as described in the paragraph 3(a)v.

- vi. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- vii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances, Respondent shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.
