The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Wisconsin Board of Nursing (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Christine R. Bohl, L.P.N., R.N., (dob March 29, 1964) is licensed in the State of Wisconsin as a practical nurse, having license number 34002-31, first issued on April 24, 1997 and current through April 30, 2017. Respondent is also licensed in the State of Wisconsin as a professional nurse, having license number 220017-30, first issued on November 17, 2014 and current through February 28, 2018. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is 2135 Palisades Drive, Appleton, Wisconsin 54915.

2. On November 17, 2014, the Board granted Respondent a limited professional nursing license that included the following limitations:

- a. Attend Narcotics Anonymous and/or Alcoholics Anonymous meetings no less than twice per week with monthly reports of attendance to be submitted to the Department Monitor.
- b. Abstain from all personal uses of alcohol and controlled substances.
- c. Continue participation in a drug and alcohol treatment program.
- d. Submit to no less than 28 drug and alcohol urine screens per year.
- e. Practice only under direct supervision of a licensed nurse or other licensed healthcare professional.
- f. Provide a copy of the Order and subsequent orders to her nursing employer(s).

3. On June 10, 2015 and August 7, 2015, Respondent tested positive for ethyl glucuronide and ethyl sulfate, direct biomarkers of alcohol.

4. On August 8, 2015, Respondent explained to the Department Monitor that she was using a July 2013 prescription for chlorhexidine gluconate, an oral rinse containing 12% alcohol.

5. The medical review officer suggested a phosphatidylethanol (PEth) blood test. PEth is an abnormal phospholipid formed in cell tissue following alcohol exposure.

6. The medical review officer opined that under no circumstances of appropriate use would chlorhexidine gluconate cause a positive PEth test.

7. On August 27, 2015, Respondent submitted to a PEth test which returned positive.

8. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.

#### CONCLUSIONS OF LAW

1. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07, and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

2. By the conduct described in the Findings of Fact, Christine R. Bohl, L.P.N., R.N., engaged in unprofessional conduct as defined by Wis. Admin. Code § 7.03(1)(g), by violating any term, provision, or condition of any order of the board.

3. As a result of the above conduct, Christine R. Bohl, L.P.N., R.N., is subject to discipline pursuant to Wis. Stat. § 441.07(1g)(b) and (d).

#### ORDER

1. The attached Stipulation is accepted.
2. The practical and professional nursing licenses issued to Respondent Christine R. Bohl, L.P.N., R.N., (license numbers 34002-31 and 220017-30) are SUSPENDED as follows:

#### SUSPENSION

- A.1. The licenses of Christine R. Bohl, L.P.N., R.N., (license numbers 34002-31 and 220017-30), to practice as a nurse in the State of Wisconsin are SUSPENDED for an indefinite period.
- A.2. The privilege of Christine R. Bohl, L.P.N., R.N., to practice as a nurse in the State of Wisconsin under the authority of another state's license pursuant to the Nurse Licensure Compact is also SUSPENDED for an indefinite period.
- A.3. During the pendency of this Order and any subsequent related orders, Respondent may not practice in another state pursuant to the Nurse Licensure Compact under the authority of a Wisconsin license, unless Respondent receives prior written authorization to do so from both the Wisconsin Board of Nursing and the regulatory board in the other state.
- A.4. Respondent shall mail or physically deliver all indicia of Wisconsin nursing licensure to the Department Monitor within fourteen (14) days of the effective date of this order. Limited credentials can be printed from the Department of Safety and Professional Services website at <http://dsps.wi.gov/index.htm>.
- A.5. Upon a showing by Respondent of continuous, successful compliance for a period of at least four (4) years with the terms of this Order, including at least 600 hours of active nursing for every year the suspension is stayed, the Board may grant a petition by the Respondent under paragraph D.6. for return of full Wisconsin licensure. The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

#### STAY OF SUSPENSION

- B.1. The suspension is hereby stayed based upon Respondent having provided proof, which was determined by the Board or its designee to be sufficient, that Respondent is in compliance with the provisions of Sections C and D of this Order.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. A substantial violation includes, but is not limited to, a positive drug or alcohol screen. A repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board or its designee

may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.

- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
- (a) Mailing to Respondent's last-known address provided to the Department of Safety and Professional Services pursuant to Wis. Stat. § 440.11; or
  - (b) Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. SPS 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within sixty (60) days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.

#### CONDITIONS AND LIMITATIONS

##### Releases

- C.1. Respondent shall provide and keep on file with all treatment facilities and personnel, laboratories and collection sites current releases complying with state and federal laws. The releases shall allow the Board, its designee, and any employee of the Department of Safety and Professional Services, Division of Legal Services and Compliance to: (a) obtain all specimen screen results and patient health care and treatment records and reports, and (b) discuss Respondent's specimen screen results with laboratories and collection sites. Copies of these releases shall immediately be filed with the Department Monitor.

Copies of these releases shall immediately be filed with the Department Monitor.
- C.5. Respondent shall abstain from all use of over-the-counter medications or other substances (including but not limited to natural substances such as poppy seeds) which may mask consumption of controlled substances or of alcohol, create false positive screening results, or interfere with Respondent's treatment and rehabilitation. It is Respondent's responsibility to educate herself about the medications and substances which may violate this paragraph, and to avoid those medications and substances.
- C.6. Respondent shall report to the Department Monitor all prescription medications and drugs taken by Respondent. Reports must be received within twenty-four (24) hours of ingestion or administration of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Respondent shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.
- C.7. Respondent shall provide the Department Monitor with a list of over-the-counter medications and drugs that they may take from time to time. Over-the-counter medications and drugs that mask the consumption of controlled substances or of alcohol, create false positive screening results, shall not be taken unless ordered by a physician, in which case the drug must be reported as described in paragraph C.11.

#### Drug and Alcohol Screens

- C.9. At the time Respondent enrolls in the Approved Program, Respondent shall review all of the rules and procedures made available by the Approved Program. After the first year, Respondent may petition the Board on an annual basis for a modification of the frequency of tests. The Board may adjust the frequency of testing on its own initiative at any time.
- C.11. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Respondent shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.
- C.12. In addition to any requirement of the Approved Program, the Board or its designee may require Respondent to do any or all of the following: (a) submit additional specimens; (b) furnish any specimen in a directly witnessed manner; or (c) submit specimens on a more frequent basis.
- C.13. All confirmed positive test results shall be presumed to be valid. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.

Practice Limitations

- C.15. Respondent may work as a nurse or other health care provider in a setting in which Respondent has access to controlled substances.

- C.20. It is Respondent's responsibility to arrange for written reports from supervisors to be provided to the Department Monitor on a quarterly basis, as directed by the Department

Monitor. These reports shall assess Respondent's work performance, and shall include the number of hours of active nursing practice worked during that quarter. If a report indicates poor performance, the Board may institute appropriate corrective limitations, or may revoke a stay of the suspension, in its discretion.

- C.21. Respondent shall report to the Board any change of employment status, residence, address or telephone number within five (5) days of the date of a change.
