FINDINGS OF FACT

1. Respondent Laura L. Wnuk, R.N., (dob April 11, 1968) is licensed in the State of Wisconsin as a professional nurse, having license number 149940-30, first issued on January 18, 2006 and current through February 28, 2018. 2. At all times relevant to this proceeding, Respondent was employed as the assistant director of nursing at a nursing and rehabilitation center (Center), located in Neenah, Wisconsin.

3. On November 3, 2015, a state surveyor with the Department of Health Services conducted a complaint survey due to receiving several complaints about the Center, including one allegation that the director of nursing (DON) was storing narcotics in her office.

4. The director of nursing telephoned the Respondent indicating that a state surveyor was at the Center and she needed to come into work.

5. While Respondent was at the Center, the state surveyor asked her questions regarding the narcotics allegedly stored in the office that she shared with the DON.

6. Respondent told the state surveyor that she and the DON destroy all controlled medications that need to be destroyed. These controlled medications consist of discontinued or medications that belong to discharged residents.

7. Respondent was interviewed later that day wherein she admitted to being untruthful about participating in the destruction of controlled medications with the DON.

8. Respondent admitted to knowing that controlled medication was being placed in a cabinet (which did not have a lock) in their office until it could be destroyed. Respondent further admitted to placing unsecured controlled substance medications in the unsecured cabinet.

9. During a search of the unsecured cabinet, the state surveyor found over 521 controlled medication doses for 21 residents.

10. The Center did not have documentation showing when and who completed the destruction of controlled medications or the amount destroyed.

11. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.
