Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Karleen J. Delikowski, R.N., (dob August 26, 1968) is licensed in the State of Wisconsin as a professional nurse, having license number 179750-30, first issued on August 24, 2011 and current through February 28, 2018. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is 7561 Rustic Drive, Rosholt, WI 54473.

2. At all times relevant to this proceeding, Respondent was employed as a professional nurse at a health care center (Center), located in Stevens Point, Wisconsin.

3. On November 13, 2015, the Center discovered that six (6) Ritalin® tablets for Resident A were missing along with the individual patient's controlled substance record.

4. Respondent and two (2) other nurses were questioned and all denied involvement in the Ritalin® going missing.

5. On February 4, 2016, another employee reported to the Center's human resources department that she was the last nurse to administer the Ritalin® to Resident A on or about November 12, 2015, and that the medication was missing the next day.

6. Respondent worked the overnight shift and was the only nurse with access to controlled substances.

7. On February 5, 2016, Respondent was questioned by a Stevens Point police department detective and admitted to diverting Resident A's Ritalin®.

8. Respondent stated that while she was handling the medications she mistakenly tore a hole in the Ritalin® medication card and one (1) tablet fell on to the floor.

9. Respondent further explained that she threw the tablet in the garbage, didn't document it and took the remaining pills home along with the individual patient's controlled substance sheet.

10. Respondent informed the detective that she threw the controlled substance sheet in the garbage at her residence and gave the remaining Ritalin® to her friend that she knew was prescribed Ritalin®.

11. On February 5, 2016, Respondent's employment was terminated.

12. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.

 - i. Respondent shall enroll and participate in a drug monitoring program which is approved by the Department (Approved Program). Enrollment shall occur within thirty (30) calendar days from the date of this Order.
 - ii. At the time Respondent enrolls in the Approved Program, Respondent shall review all of the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug monitoring established by the Approved Program is a substantial violation of this Order. The requirements shall include:
 1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
 2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.
 3. The Approved Program shall require the testing of specimens at a frequency of not less than forty-nine (49) times per year, for at least the first year of this Order. Thereafter, the Board may adjust the frequency of testing on its own initiative at any time.
 - iii. Respondent shall abstain from all personal use of controlled substances as defined in Wis. Stat. § 961.01(4), except when prescribed, dispensed or administered by a practitioner for a legitimate medical condition. Each time the prescription is filled or refilled, Respondent shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.
- v. Respondent shall provide the Department Monitor with a list of over-the-counter medications and drugs that she may take from time to time. Over-the-counter medications and drugs that mask the consumption of controlled substances, create false positive screening results, or interfere with Respondent's treatment and rehabilitation, shall not be taken unless ordered by a physician, in which case the drug must be reported as described in the paragraph 3(a)iv.
- vi. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- vii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances, Respondent shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.
- viii. Respondent shall practice only in a work setting pre-approved by the Board or its designee.
- ix. Respondent shall provide her nursing employer with a copy of this Order before engaging in any nursing employment. Respondent shall provide the Department Monitor with written acknowledgment from each nursing employer that a copy of this Order has been received. - x. Respondent shall not work as a nurse or other health care provider in a setting in which Respondent has access to controlled substances. Respondent shall provide the Department Monitor with written acknowledgment from each nursing employer that

Respondent does not have access to controlled substances. Such acknowledgement shall be provided to the Department Monitor within fourteen (14) days from the date of this Order for any current employer and on a quarterly basis thereafter from each nursing employer.

- b. Respondent shall submit proof of successful completion of the education in the form of verification from the institution providing the education to the Department Monitor at the address stated below. None of the education completed pursuant to this requirement may be used to satisfy any continuing education requirements that have been or may be instituted by the Board or Department, and also may not be used in future attempts to upgrade a credential in Wisconsin.
- c. This limitation shall be removed from Respondent's license after satisfying the Board or its designee that Respondent has successfully completed all of the ordered education.

5. Pursuant to Uniform Nurse Licensure Compact regulations, Respondent's nursing practice is limited to Wisconsin during the pendency of these limitations. This requirement may be waived only upon the prior written authorization of both the Wisconsin Board of Nursing and the regulatory board in the state in which Respondent proposes to practice.

6. A repeated violation is defined as the multiple violations of the same provision or violation of more than one provision. The Board or its designee may, in conjunction with the suspension, prohibit Respondent from seeking termination of the suspension for a specified period of time.

7. Whether to terminate the suspension shall be wholly in the discretion of the Board or its designee.

8. After the first year from the date of this Order, Respondent may petition the Board on an annual basis for a modification of the terms of this Order. After two (2) consecutive years of successful compliance, the Respondent may petition the Board for return of full licensure. The Board may grant or deny any petition, in its discretion, or may modify this Order as it sees fit.

9. Within 120 days from the date of this Order, Karleen J. Delikowski, R.N., shall pay COSTS of this matter in the amount of \$815.00.

10. Any documents, requests, and payment of costs (made payable to the Wisconsin Department of Safety and Professional Services) shall be sent by Respondent to the Department Monitor at the address below:
