0005217

Division of Legal Services and Compliance Case No. 16 NUR 329

The parties to this action for the purpose of Wis. Stat. § 227.53 are:

Jennifer J. Vanderwegen, R.N.
2729 Trophy Ct.
Abrams, WI 54101-9438

Wisconsin Board of Nursing
P.O. Box 8366
Madison, WI 53708-8366

Division of Legal Services and Compliance
Department of Safety and Professional Services
P.O. Box 7190
Madison, WI 53707-7190

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Wisconsin Board of Nursing (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Jennifer J. Vanderwegen, R.N., (dob April 26, 1984) is licensed in the State of Wisconsin as a professional nurse, having license number 191291-30, first issued on July 12, 2012 and current through February 28, 2018. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is 2729 Trophy Court, Abrams, Wisconsin 54101-9438.

2. At all times relevant to this proceeding, Respondent was employed as a professional nurse at a rehabilitation center (Center), located in Peshtigo, Wisconsin.

3. On June 3, 2016, Nurse A witnessed Respondent dispensing different controlled narcotics into the same cup for different patients.

4. When questioned, Respondent explained that she was trying to save time by dispensing the pills now so she could leave on time and later put the pills into individual cups with the patients' names on it. Respondent further explained that she knew which pills belonged to which patients and had her "cheat sheet" to follow.

5. Respondent pre-signed narcotics out on the controlled drug receipt record (CDRR). Respondent did not document the administration in the patients' electronic medication administration record (eMAR) until she actually administered the medication. For example:

a. Respondent signed out a dose of hydrocodone for Patient DB. She documented the CDRR that this was signed out at 9:00 p.m., a future time. Respondent did not document administration in the eMAR. After being questioned by Nurse A, Respondent re-taped this medication back into the medication card.

b. Respondent signed out a dose of hydrocodone for Patient CC. She documented in the CDRR that this was signed out at 10:00 p.m., a future time. Respondent did not document administration in the eMAR. After being questioned by Nurse A, Respondent re-taped this medication back into the medication card.

c. Respondent signed out a dose of lorazepam for Patient MG. She documented in the CDRR that this tablet was signed out at 6:00 p.m., a future time. Respondent did not punch out this medication. Respondent did not document this medication as administered.

6. Respondent admitted that she knew it was inappropriate to dispense medication prior to when they were needed and to put several patients' medications in the same cup.

7. Respondent denied ingesting any of the patients' narcotic medication.

8. Respondent submitted to a reasonable suspicion drug screen. The drug screen was negative for all substances.

9. Respondent's employment was terminated.

10. On July 5, 2016, Respondent, during a phone call with a Department investigator, admitted to dispensing the narcotic medication for several patients into the same cup and pre-signing the CDRR. Respondent further explained that she got nervous when Nurse A found her dispensing the narcotic medication and attempted to put the medication back into the medication card by taping the pills back in.

11. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.
