

Advantages of an Academy of Art University Education

For over 80 years, we have tailored our education services to meet the varying needs of service members and their families. Eligible Veterans may qualify for benefits that can cover tuition costs and help you earn your degree.

- Active Duty
- Military Family Members
- Veterans
- National Guard Reserve

Classes That Teach The Skills You'll Need

We offer flexible, hands-on classes that prepare you to excel in your future profession. Study year-round on our campus in San Francisco, or online.

Professional Faculty

We believe the best teachers are actual working creatives. Our faculty is comprised of professional artists and designers who offer valuable insight into industry trends.

Industry Partnerships

Our industry partners continually seek to hire, mentor, and collaborate with our students and graduates.

Facilities That Support Industry Standards

The Academy's 30+ facilities in San Francisco are your classroom, studio, gallery, and dorm. We'd love to show you around. Call 1.415.618.8576 or email campustours@academyart.edu to schedule your personalized tour.

"During my time at the Academy I developed my skills as a photographer and explored ways to use art to reflect on my military experience. I was also fortunate enough to use the Post-9/11 GI Bill along with the Yellow Ribbon Program to pay for my tuition."

- We are a three-year MFA program, with a total of 63 units to completion
- Our program is designed to offer a unique and equal blend of **stage and camera training**
- We offer a classic conservatory model designed to fit a contemporary eye, using current industry practices and students graduate with a professional-quality demo reel
- There are three main productions in a semester: two on the mainstage and one graduate show

THE ACADEMY DIFFERENCE:

Our instructors are distinguished working professionals in the industry, giving students the opportunity to rub elbows, quite literally, with the best in the business. Students are led by **Executive Director Diane Baker**. an AMPAS and BAFTA member who has starred in more than 50 films, including Hitchcock's *Marnie* with Sean Connery, *Silence of the Lambs*, *The Joy Luck Club*, and *The Diary of Anne Frank*, and **Associate Director, Damon Sperber**, a working actor with over 20 years of expertise including casting for on and off-Broadway productions, and with credits to his name such as *Looking*, *Nash Bridges* and *Law & Order: SVU*.

In addition, students benefit by attending on-campus workshops, guest lectures, and panel discussions from actors, casting directors, and more.

- When she's not teaching our audition class for grads, **Sarah Kilban** casts features and television shows in San Francisco
- Each spring, Emmy-winning casting director, **Wendy Kurtzman**, does a two-day professional workshop on best tips for breaking in to the entertainment industry
- Los Angeles-based directors like **Waris Hussein** and **David Burton-Morris** fly up to San Francisco on a weekly basis to teach the acting for camera classes
- Instructor and director **Doug Campbell** taps student actors to appear in television movies on the Lifetime network

WE OFFER AN ENVIRONMENT EVERY ACTOR DREAMS OF

OUR FACILITIES:

- We offer a 200-seat mainstage theater at 620 Sutter Street (in the heart of San Francisco's performance district) and two secondary theater spaces at other Academy campus buildings
- We have three soundstages in our main Acting building, in addition to a voiceover studio, Automated Dialogue Replacement (ADR) room and the largest green screen in Northern California

WHAT SETS THE ACADEMY'S MASTER OF FINE ARTS APART?

A COLLABORATIVE SPIRIT:

The School of Acting's Master of Fine Arts program embraces the collaborative spirit of the Academy. Nothing exemplifies this more than *Art School of Horrors*, the feature film created in partnership with Hollywood legend and "King of B Movies," Roger Corman.

Students and professionals from multiple departments were directly involved in the making of this project.

including Animation & Visual Effects, Motion Pictures & Television, Communications & Media Technologies, and Music Production & Sound Design for Visual Media among others.

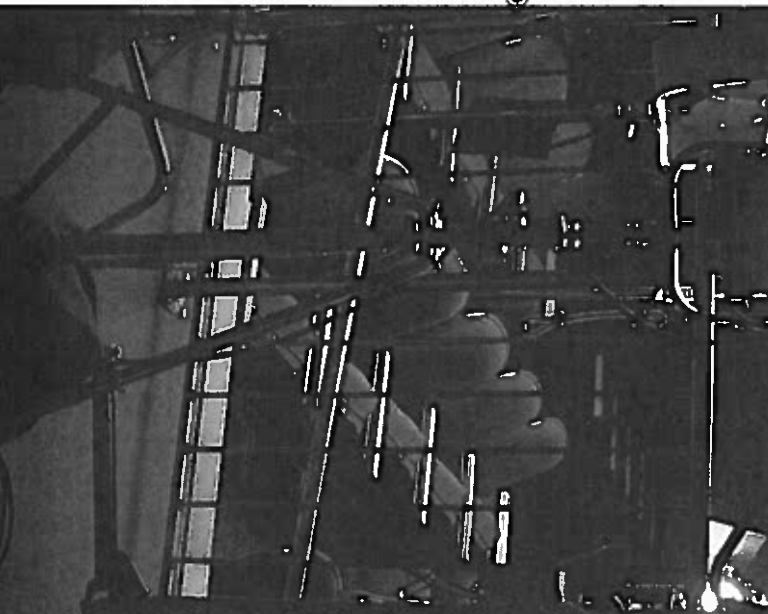

MFA STUDENT OPPORTUNITIES:

- A select number of scholarships are available to qualified MFA students
- Acting students are able to participate in one of the most exciting student events nationwide, the Media Awards

• The Acting program's own, Screen Acting

Achievement Awards, celebrate the best work from the acting for camera classes. Awards are presented to select winners and some of Hollywood's elite are brought in for both events

- Opportunities for actors who are skilled, versatile, and responsible are in high demand for work in commercial and television work, feature films, and the theatre in various markets such as Los Angeles, New York, San Francisco, Chicago, and Boston

Turn your creative passion into a profession.

COURTESY SHUTTLE SERVICE

Academy of Art University provides its own private Courtesy Shuttle Service for all students with Academy student ID badges. Courtesy shuttles provide free, reliable transportation between residence hall and academic buildings. They run on specific routes at specific times and are not intended as general transportation.

Each route is represented by a letter (A, B, C, J). Route signage is clearly displayed on the front and sides of the shuttles.

Remember to Plan Ahead! Students are responsible for arriving at their courtesy shuttle stop on time. All students must show their ID badge upon boarding Academy shuttles or at the request of the shuttle driver.

PRE-COLLEGE ART EXPERIENCE

Parents and students from every corner of the Bay Area and beyond are discovering Academy of Art University's Pre-College Art Experience (PCAE)—a tuition-free, dual-scholarship art and design program available to current high school students.

The program provides tuition-free classes

students can take—**online or onsite**—while earning scholarship dollars towards undergraduate studies at Academy of Art University. Each year, the Academy provides over 2,000 high school students with this unique opportunity.

The PCAE courses are designed to prepare high school students for both college and career, and many leave the program with a clear idea of their career path. Students also spend time building a solid pre-professional portfolio of work to take into their college career.

"The Summer Program is amazing. In my mural class, I loved being able to work together with my class and make something so beautiful. The whole experience was really fun."
