Employment Verification

Please note: I was unable to have the following graduate's employers' verify their employment.

Their employer either would not provide the information (or did not know) or I left a voice mail and did not receive a return call.

For these students, I have provided e-mails from graduates, or screenshots or printed copy in the original format of social networking correspondence from graduates. This is acceptable documentation for our accreditor, NACCAS of a graduate's placement.
