"The atmosphere is relaxing and good for concentration and learning. Also, the instructors are knowledgeable and friendly. The course seems to touch on everything you would need to know to be a good dental assistant."

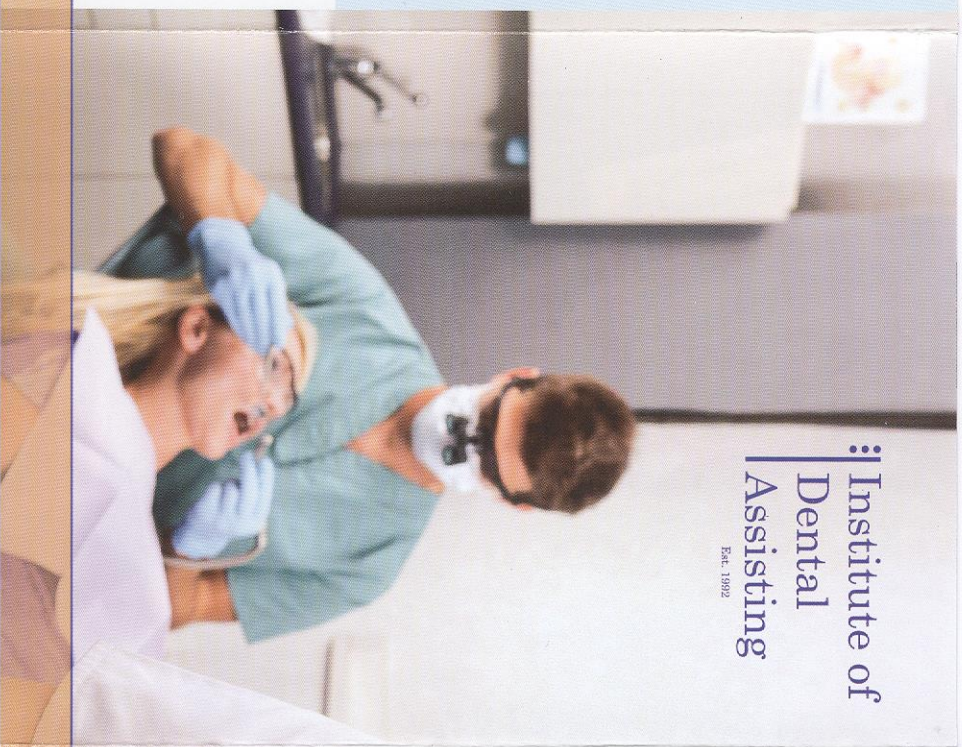

Becky, Black Earth

"I definitely feel that Dental Assisting 101 helped me get the job position!"

Alesha, Portage

Institute of
Dental
Assisting
Est. 1992

...Dental Assisting 101

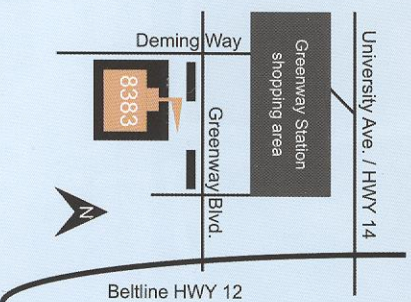

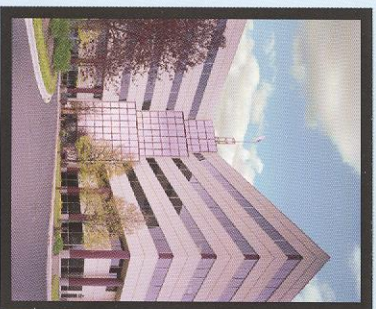

Be job-ready in just 10 Saturdays!

General dentistry, classic, and modern techniques are explored throughout the course material in Dental Assisting 101. You will be exposed to the wide variety of dental materials available, and various types of application. Clinical practice, labs, and hands-on training will give you job-ready experience in a modern dental facility.

Welcome!
