WISCONSIN HOME INSPECTION TRAINING - POWERED BY KAPLAN

“ I am **thoroughly pleased** with the quality of coursework, instructors, and pace of the classes. ”
—Rick T.

Wisconsin Home Inspection Training

Offered by Brightwood Career Institute, Harrisburg

Home Inspection Training From the School That Set the Standard!

A home inspector is a person who inspects, analyzes, and reports the physical condition of a property. The liabilities associated with the private inspection business make professional training essential.

Brightwood Career Institute gives you the knowledge and skills necessary to enter the home inspection industry with confidence! **Your education is offered by Brightwood Career Institute | Harrisburg.** Our home inspection training courses contain everything you need to become an independent home inspector, and we offer both live and distance learning courses to get your career started.
