High School Scholarship Program

General Information

The High School Annual Scholarship Award Program is for High School Seniors graduating in 2018 who start school between May 1, 2018 through September 20, 2018. . The student must be in good standing with their high school at graduation and must earn a high school diploma in order to take advantage of any award money. A preliminary scholarship competition is conducted in the form of aptitude testing. On the basis of test results, semi-finalists are selected and invited to submit a portfolio. The top ten semi-finalists with portfolios will be recognized. Semi-Finalists will return for an interview conducted by the scholarship committee comprised of volunteers representing business, industry, education and/or government not affiliated with LCT. This committee will evaluate each candidate on the basis of preliminary test results, professionalism, enthusiasm, personal conduct, and oral expression.

LCT will award applicants of the automotive, EEST or collision repair programs a \$1,000 scholarship to selected 2018 high school seniors who score between a 50-59 on the scholarship aptitude test. A \$2,000 scholarship will be awarded to selected 2018 high school seniors who score between a 60-70 on the scholarship aptitude test. Applicants of the Medical Assistant scholarship will complete a language aptitude test and scores of 35-40 will be awarded \$1000, and those who score 41-49 will be awarded \$2000.

Students can only receive one scholarship through this program. Students will not be able to combine scholarships awarded in the testing portion, semi-finalist, and finalist portion.

The ten finalists will be interviewed by the scholarship committee by May 10, 2018 and each finalist will be awarded only one of the following based on his/her performance: a \$15,000 scholarship (1 available), \$10,000 scholarships (4 available), \$5,000 scholarships (2 available), and \$4,000 scholarships (3 available).

Portfolio Guidelines

The student must prepare a one page essay of no less than 300 words on why they wish to attend Lincoln College of Technology. In addition, they will need to submit three (3) letters of recommendation which highlight their character, work ethic, and passion for the industry. These letters may be from a teacher, counselor, employer, community leader, or professional friend. Family members may not be used as a reference. The portfolios will be judged on professionalism, presentation, and content by an independent individual, with the top ten (10) portfolio scores chosen as a finalist. Portfolio deadline is May 5, 2018. No late portfolios will be considered.

Skills USA Scholarship Program

There are several skills based competitions held locally and nationally throughout the country which allow high school students to demonstrate their passion and proficiency for career and technical education programs. This includes students who participate in programs such as **Skills USA** competitions. Lincoln is proud to encourage this competitive spirit and recognize top performers as well as participants with various scholarships as noted in the table below:

	District/Regional Competition	State Competition	National Competition
1 st Place	\$1,000	\$ 7,500	Full Tuition
2 nd Place	\$1,000	\$ 5,000	Half Tuition
3 rd Place	\$1,000	\$ 2,500	Half Tuition
4 th – 10 th Place	\$1,000	\$ 2,000	Half Tuition
Participant	\$ 500	\$ 1,500	\$3,000

Please note that students who participate in various stages of a competition or in multiple competitions will be awarded the single scholarship with the highest value.

NATIONAL GUARD YOUTH CHALLENGE PROGRAM SCHOLARSHIP

The National Guard Youth Challenge Program Scholarship is awarded to Lincoln College of Technology students who are entering one of our full time educational programs after graduating from the National Guard Youth Challenge Program with their HS Diploma or GED. Scholarships are awarded based on information submitted on the National Guard Youth Challenge Program Scholarship Application. Criteria for a student to be awarded a scholarship are determined by the National Guard Youth Challenge Program. Lincoln College of Technology will award up to (5) five (25%) twenty-five percent tuition scholarships up to \$5,000 per scholarship for the year. In addition to the National Guard Youth Challenge Program Scholarship Application, the student has to graduate from the National Guard Youth Challenge Program with his/her HS Diploma or GED, have a passing score on the entrance exam, and complete an interview.

First Responders Scholarship Program

Purpose:

The Lincoln First Responder Scholarship is designed to provide financial assistance to emergency Responder and immediate family members who meet the criteria established below and want to enroll in a qualifying program of study at one of the Lincoln Group of Schools* for start dates between January 1, 2018 through December 31, 2018. By offering the Lincoln First Responder Scholarship to future students who are interested in vocational career training, Lincoln continues to show its commitment to helping students reach their goals as it has done since opening its first school in 1946.

Eligibility Requirements:

In order to apply for the Lincoln First Responder Scholarship, an eligible student must:

- Complete the application process to enroll;
- Provide proof of service documentation;
- Complete the Free Application for Federal Student Aid (FAFSA);
- Start the program of your choice by December 31, 2018; and
- Submit your Lincoln First Responder Scholarship application to the financial aid staff.

Scholarship recipients must attend the Lincoln Financial Literacy presentation within six weeks of enrollment. Only students that meet the qualifications listed above, and the admissions requirements in order to be considered an enrolled student, and who have demonstrated a financial need, can be awarded this scholarship.

Scholarship Award:

Each eligible student may apply for one First Responder scholarship with an award of \$2,000. The scholarship will be prorated over the entire length of his/her program. The Lincoln First Responder Scholarship Committee made up of faculty and/or staff will make the final decision regarding the award. The total scholarship amount will be calculated and awarded in installments at the completion of each term/semester subject to the student maintaining good academic standings.

Any student can apply for the scholarship. However, only one Lincoln scholarship can be awarded per student. Applications can be submitted any time prior to enrollment periods established by the school of your choice. Winners of the scholarship will be notified in writing by school administration. The notification will include the amount being awarded and start date for the program.

Additional Scholarship Information:

In order to be eligible for the scholarship, a student must start between January 1, 2018 and December 31, 2018. Applications must be submitted on or before December 31, 2018. The scholarship will not be awarded to any student who defers their enrollment past the requisite time period. The amount and number of scholarships offered by each campus can vary based on the number of applications and the decisions made by the committee. This award is a scholarship and does not require any form of repayment to any of the Lincoln Group of Schools*.

This Scholarship program can be suspended at any time. There would be no adverse impact on those students who were awarded the scholarship in the event that the Scholarship program was suspended.

*The Lincoln Group of Schools includes those schools under the names of Lincoln Technical Institute, Lincoln College of Technology, and Euphoria Institute of Beauty Arts and Sciences. This scholarship is not available to Pennsylvania residents or students attending campuses in Pennsylvania except those enrolling in the Practical Nursing program in Allentown, PA. Important information about the educational debt, earnings and completion rates of students who attended these programs can be found at www.LincolnTech.edu/consumerinfo.

*A course of instruction is a standalone course that meets for an extended period of time and provides instruction that may or may not be related to a program of study, but is either not part of the sequence or can be taken independent of the full sequence as a stand-alone option. A Course of Instruction may directly prepare students for a certificate or other completion credential or it can stand alone as an optional preparation or, in the case of students requiring catch-up work, a prerequisite for a program. A stand-alone course might lead to a credential to be used toward preparing individuals for a trade, occupation, vocation, profession; or it might improve, enhance or add to skills and abilities related to occupational/career opportunities.

} In the event that the school fails to meet the minimum standards, that school shall be placed on probation.

} If that school's passage rate in its next reporting period does not exceed 50% of the average passage rate of that class of schools as a whole, then the Board shall revoke the school's approval for that program to operate in this State. Such revocation also shall be grounds for reviewing the approval to operate as an institution.
