

MOTORCYCLE TECHNICIAN SPECIALIST

THE RIDE OF YOUR LIFE

MOTORCYCLE MECHANICS INSTITUTE

A DIVISION OF UNIVERSAL TECHNICAL INSTITUTE

An adventurous career is within reach

Motorcycle Mechanics Institute (MMI) offers the experience you need to excel in an evolving industry that includes motorcycles, ATVs, personal watercraft, snowmobiles and more. As a motorcycle technician, you'll have the knowledge and experience to apply your skills in dealerships, independent repair shops and even racing teams!** Plus, in the motorcycle industry, you'll be working alongside people who share your love for a finely tuned machine and that feeling of freedom you find every time you climb into the saddle. Your road to success can be a sweet ride.

Why choose MMI?

- + MMI's manufacturer-supported training programs provide you the opportunity to be ready to work on all major brands.
- + Relationships with BMW Motorrad, Harley-Davidson, Honda, Kawasaki, Suzuki and Yamaha mean more opportunities for you.
- + Our industry partnerships ensure you'll receive hands-on training using the most current technology and equipment in state-of-the-industry training centers.
- + Our Instructors are industry pros with extensive real world experience who know what it takes for you to succeed.
- + You focus on career-specific skills so you can graduate quickly with the skills you need for a career doing what you love.

The great thing about MMI is you're not learning from a book but you're learning from the bike... Employers light up once they hear that you're from MMI.

Ashley Katz, MMI Graduate

**MMI cannot guarantee employment or salary.

Step 1:

CHOOSE YOUR CORE TRAINING

At MMI, you'll start your motorcycle training with a strong core program that combines classroom preparation and hands-on experience. Whether you choose the Motorcycle Technician Prerequisite or the Harley-Davidson Prerequisite, each program covers the key components of motorcycle technology and serves as a foundation for your development as a professional technician.

Choose the program that meets your training and future career goals.

“*If I wouldn't have gone to MMI, I would still be doing manual labor somewhere in the freezing cold, not living the 'rock star' life.*

Ryan Kruesi, MMI Graduate

MOTORCYCLE TECHNICIAN PREREQUISITE (36 weeks)

- + Motorcycle Theory 1 and Motorcycle Theory 2
- + Engines, Transmissions and Precision Measurement
- + Chassis, Suspension and Final Drive
- + Electrical Basics
- + Electrical Systems
- + Vehicle Maintenance
- + Engine Troubleshooting and Noise Diagnostics
- + Service Department Operations
- + Dealer Management Systems
- + Electrical Diagnostics
- + Drivability and Performance
 - includes dyno operation

After you complete the Motorcycle Technician Prerequisite, you must select a minimum of one manufacturer-specific elective to qualify for graduation. However, you are free to choose as many manufacturer-specific training programs as you wish to expand your skills and credentials.

HARLEY-DAVIDSON PREREQUISITE (36 weeks)

Includes the first 30 weeks of Motorcycle Technician Prerequisite training. (Excludes Electrical Diagnostics, and Drivability and Performance)

Harley-Davidson Prerequisite students also experience six weeks of specialized H-D training:

- + Parts and Service Literature Usage
- + Vehicle Model Identification
- + Setup and Service
- + Engines
- + Transmissions
- + Fuel Injection
- + Harley-Davidson University®

Combined with skills learned in hands-on training labs, participation and achievement in this program can make graduates more appealing to prospective employers in the Harley-Davidson® dealership network.*

After you complete the Harley-Davidson Prerequisite, you must complete the 24-week Harley-Davidson Late Model Elective to qualify for graduation. In addition, you can choose the 6-week Harley-Davidson Early Model elective to enhance your skills and experience.

*MMI cannot guarantee employment or salary.

Step 2:

CHOOSE ANY MANUFACTURER-SPECIFIC TRAINING PROGRAM

BMW MOTORRAD TECHNICIAN ELECTIVE (12 weeks)

Officially endorsed by BMW Motorrad USA, this training program¹ gets you up to speed on BMW Motorrad motorcycle models, equipment, processes and techniques. An MMI/BMW-endorsed Motorrad Technician certificate may be awarded upon successfully completing the elective. When an MMI graduate who has earned this certificate is hired at a BMW Motorrad Dealership, BMW Motorrad USA Level 1 Certified Motorcycle Technician status is activated.

HONDA: HONTECH 24 ELECTIVE (24 weeks)

Jump-start your career with this Honda-endorsed training program that gives you the skills and experience to work on Honda motorcycles, ATVs, motor scooters and power equipment, with the opportunity to earn up to eight valuable Honda certifications while you train. Graduates earning all eight certifications receive Registered status with Honda, giving you a head start on a great career as a professional Honda technician.

YAMAHA: YAMAPRO® ELECTIVE (12 weeks)

MMI's YamaPro® elective is officially endorsed by Yamaha. Students learn to service and repair Yamaha motorcycles, ATVs, personal watercraft, generators and snowmobiles. YamaPro® students also have the opportunity to earn eligibility for Yamaha YTA Bronze-Level and YTA Silver-Level Technician Certification – a distinct advantage to entry-level technicians beginning their careers.

¹BMW Motorrad Technician Elective requires students to qualify and meet entry requirements.

SUZUKI: FAST TRAINING (12 weeks)

MMI offers a Suzuki training program that is officially reviewed and endorsed by Suzuki Motor of America, Inc. FAST (Factory Authorized Suzuki Training) elective is designed to provide the knowledge and hands-on experience needed to become a Suzuki technician. To help familiarize students with dealership operations, they gain experience working as service writers during each module of the FAST lab. Suzuki ServicePRO® entry-level certificates are awarded for completion of the FAST elective, which includes Suzuki's entire instructor-led training program. Graduates receive the field level designation of Bronze level if they complete all related coursework before working at a Suzuki dealership. Students also have the opportunity to work on Silver and Gold level modules. For Silver recognition, they have to work 6 months in a Suzuki dealership, and for Gold, the period is 1 year.

KAWASAKI: K-TECH SPECIALIST TRAINING (12 weeks)

The K-Tech Specialist training program is officially endorsed and supported by Kawasaki Motors Corp., USA. You'll train with Kawasaki's current motorcycles, personal watercraft, ATVs and utility vehicles such as diesel mules on your way to becoming a Kawasaki technician. A Kawasaki endorsed entry-level certificate is awarded upon graduation.

HARLEY-DAVIDSON LATE MODEL ELECTIVE (24 weeks)

MMI is the only career education school that offers a Harley-Davidson specific, 24-week curriculum that is aligned with Harley-Davidson University®. The elective² emphasizes hands-on experience for the service and repair of late model Harley-Davidson® motorcycles and day-to-day dealership operations. As you train, you'll have the opportunity to earn valuable Harley-Davidson recognized PHD course credits. Each student is credited with 1 year of work experience toward the Technician Recognition program if hired by a Harley-Davidson® authorized dealership after graduation.

HARLEY-DAVIDSON EARLY MODEL ELECTIVE (6 weeks)

Graduates of Harley-Davidson Late Model training have the option to expand their knowledge to include the design, repair and maintenance of Harley-Davidson® vehicles dating back to 1936.³ This hands-on experience with classic motorcycles provides students with well-rounded training and the ability to pursue their passion of working with classic Harley-Davidson® bikes.

²Harley-Davidson Late Model Elective is required for graduation by students in the Harley-Davidson training program. ³Students must successfully complete the Late Model Elective before entering the Early Model Elective. MMI cannot guarantee employment or salary.

Support for your career

At MMI, we really want you to succeed throughout your career, not just after graduation. That's why we offer Student Support Services to assist you before and during your training with the goal of helping you reach your personal and career objectives. These types of assistance include:

FINANCIAL AID

Contact our Financial Aid* department for help with applying for:

- + Student loans and grants
- + Veterans benefits
- + Scholarships*
- + Pell grants
- + SEOG program
- + Workforce Investment Act
- + Vocational Rehabilitation Act
- + PLUS loans

*Financial aid and scholarships are available to those who qualify. Awards vary due to specific conditions, criteria and state

GRADUATE EMPLOYMENT

- + Connections with dealerships, shops and race teams that have hired MMI students**
- + Résumé assistance
- + Information on job openings
- + Alumni access to online job listings

HOUSING

Whether you are coming from across town or across the country, we can help you find affordable housing close to campus:

- + Roommate matching service plus independent options
- + Current list of housing options
- + Guidance on suitable housing

LOCAL EMPLOYMENT

Employers near your campus are interested in hiring students for jobs while they train.**

- + Listings are updated regularly
- + Ask your MMI representative for details

**MMI cannot guarantee employment or salary.

We take you on the road to excellence

MMI has long-standing alliances with 6 key manufacturers, with those relationships spanning up to 33 years. These manufacturers need technicians trained in their specific technologies and they depend on MMI to train them. Take your first step on the road to a great career as a professional motorcycle technician.
