

“Who Else Wants To Turn A Job They Hated Into A Career They Loved In 10 Weeks!?”

Be One of Just 7 to Join Us at the [National Dental Academy](#) for the Upcoming 10-Week Dental Assistant Training Program and *‘Brighten Your Future!’*

Dear Future Student,

Thank you for your interest in this exciting field. Dental assisting is quite literally one of the best kept secrets, here's why;

1. **Great hours**-Typically dentists only work 4 days a week from 8am-5pm and they don't work Holidays. Do you work nights, weekends or holidays right now? Do you take any work home with you at your current job? In this field you won't have to worry
2. **Great Pay**-Dental assistants earn on average \$16.67 an hour-Are you making less or working in a field you hate?
3. **Great Benefits**-Dentists are now offering benefits other than dental benefits. Things like Health insurance, 401k benefits and profit sharing bonuses. More and more are seeing the benefit of offering such great benefits.
4. **Job Security**-Dental assisting is in the health field and statistics shows it's one of the fastest growing fields in the country. Health care is essentially recession proof!
5. **National Dental Academy works with one of the largest dental employers in the country!** We also work with many local dentists in your area. What this means for you is better chances of placement after the course! Some students have even had employment BEFORE they finished the 10 weeks.
6. **You can work anywhere.** You can use your training throughout the country, you aren't locked into one city or even one state.

Don't YOU deserve A Better Future Too!

Quite frankly, there are not many opportunities that exist where you can secure a great new career with just 10-Weeks of training; but this IS that unique, limited time opportunity. Our students love this new career path along with the financial stability it brings. Now it's your turn to gain all this and more.

Another factor that is overlooked is in the area of Job Satisfaction. We have heard many times over the years from our students on how much happier they are working in the dental profession as compared to their previous jobs. One student reported, “I literally feel rescued from a factory job I hated and a future I did not look forward to.” A parent of another one of our students thanked us personally for giving his daughter a new direction and responsibility in her life. She had been a fast food server with a small child to raise and no particular goal or ambition in life. Since completing our course, she has worked in a dental office for two years now and loves it. Are you happy in your job?

And the Good News is with our 10-Week Dental Assistant Program, as opposed to other programs like a year in college(\$25,000-\$40,000), Technical School (\$12000), your investment is

**OVER,
PLEASE** →

only \$4995 (includes everything from books and supplies to scrubs). We have multiple Easy-Pay options to suit your financial situation!

So you owe it to yourself to take advantage of this once-in-a-lifetime opportunity to start an exciting new career path that may change your life and the lives of your loved ones for good!

Simply pick up the phone and call me at...
(800) 704-1505

Sincerely,

Lindsay Wanserski - Vice President of Enrollment
National Dental Academy

P.S. You should HURRY and call me to register because there's **ONLY A SMALL AMOUNT OF SEATS** and when they fill up, that's it. We keep our classes small to maximize your education.

P.P.S. Give me a call at (800) 704-1505 so we can discuss which Easy-Pay option works best for you.

I was making Minimum wage at a customer service job. I make 40% more as a dental Assistant after graduating from the National Dental Academy. Once I did the math I realized that I would make \$180,000 more as a dental assistant throughout my career compared to my previous Job...THANKS!!!

Nichole S.

At my previous job I had to work nights, weekends and holiday, but thanks to National Dental Academy I found a new job as a dental assistant where I don't have to work those horrible hours AND I can spend time with my son.

Amanda K.
