[†]Only an estimate, as changes in pricing by book publishers, tool manufacturers or distributors are possible

Only an estimate, e	as changes in pricing by book publishers, tool mandracturers of distributors are possible
	In order to cover initial flight costs, a pre-payment of \$3,000 is required. Military, veteran, and beneficiary
	students will not be required to pre-pay. Tuition cost is based on Cessna 172 in all stages.
Aviation Flight	Substituting the 152 will reduce the total tuition cost up to \$1500 if flown in Private and Stage 7.
	All AVF flight course start and end dates correspond to their associated ground courses for the rating attempted.
	Maximum flight hours in the Diploma Program is 230 and 250 in the AAS Program.
	A minimum of 76 credit hours transferred from an approved Spartan and Nationally or Regionally accredited AAS
BS Program*	Programs, a minimum of 128 credit hours required for graduation. This would include all Associate Level credits
_	transferred, and the additional earned 52 Bachelor Credits.
	A \$150.00 technology fee is required for each course taken via Canvas (Spartan's distance education online
BS/AAS	course delivery system). This fee does not apply to the AMT (diploma) Hybrid Program core courses.
Program	The technology fee is already included in the tuition for the fully online version of the BS program, which is the
	BS-DE program.
DF**	DE (Distance Education) is the fully online version of the BS Program. The Non-DE BS program version is a hybrid
DE	version with options for on-ground or on-line course delivery.

For all programs, all tuition and program lengths are based on a student attending the full program for which he or she is enrolled. Should a student bypass any portion of that program by the methods described in the General Catalog, that student's tuition and program length will be reduced accordingly. Tuition Reductions, including but not limited to, Active Duty (contracted D.O.D.) reductions per credit hour, will be documented on the enrollment agreement.

For all Aviation Maintenance Technology programs, the cost of books and tools is estimated, with the exception of the project workbooks which total \$250 of the approximated Books & Tools cost. Students are only charged for books and tools actually purchased at Spartan. After workbooks are purchased, the amount estimated for books and tools may be reduced if a student brings tools from home or buys used books.

For all programs except Aviation Technology Management and Aviation Flight programs, the cost of books and tools are estimated. Students are only charged for books and tools actually purchased at Spartan. The amount estimated may be reduced if a student brings tools from home or buys used books.

<u>For all technical programs</u>, an academic year is defined as completion of 24 semester credit hours in 30 weeks of attendance or 900 clock hours. The satisfactory completion of the credit hours or clock hours in the academic year is necessary before a student may progress to the next level of academic standing.

For the Aviation Maintenance Technology — Hybrid (partial distance education) Program, the distance education portion of the program consists of seven 8-week terms (3 concurrent courses) followed by five 6-week terms (4 concurrent courses) accomplished on ground for the Diploma Program and an additional two 6-week terms (3 concurrent courses) of General Education that can be taught either on ground or online for the Associate Degree Program.

For the Bachelor's Degree Program, an academic year is defined as completion of 24 semester credit hours in 30 weeks. The satisfactory completion of the credit hours in the academic year is necessary before a student may progress to the next level of academic standard. To be a full-time student in the Bachelor of Science program a student must attempt a minimum of 8 semester credit hours per ten-week term. A student attempting 6 or 7 semester credit hours will be considered a three quarter-time student and a student attempting either 4 or 5 semester credit hours will be considered a half-time student. A student that does not maintain full-time status may have his/her Financial Aid disbursements adjusted accordingly. Bachelor's classes are generally scheduled Monday through Thursday. Spartan College reserves the right to change or cancel classes due reasons such as to low enrollment.

For the Aviation Flight Program, the cost of books and tools is estimated, except for the iPads which total \$1700 of the approximated Books & Tools cost. Students are only charged for books and tools actually purchased at Spartan. After the iPad is purchased, the amount estimated for books and tools may be reduced if a student brings tools from home or buys used books. An academic year is defined as completion of 24 credits in 30 weeks of attendance. The satisfactory completion of the credit hours in the academic year is necessary before a student may progress to the next level of academic standing.

Due to the nature of a flight training program, there may be times we must limit the number of students who can start their program on a given start date. When that happens, the college will prioritize seats for those enrolled students that have demonstrated they meet all the admissions criteria and have completed all the necessary steps to start school including receiving medical clearance as well as payment of the \$3,000 deposit (if deposit is applicable). If there are more students ready to start school beyond the number of seats available, Spartan will prioritize candidates based on their enrollment date.

If student enrolls in the flight program more than 90 days prior to the first day of school, the \$3,000 deposit is due 90 days prior to start to secure their seat in class. If enrollment takes place less than 90 days from the start date, the \$3,000 deposit is due within 7 days of enrollment.

Miscellaneous Fees

Possible Misc. Fees All Programs		Flight Training Hourly Rates			
Advanced Standing Examination Fee (Per Credit Hour) \$10.00		Cessna 152 (Single Engine 110 H.P.)	\$173.00		
Change of Program Fee	\$10.00	Cessna 172 (Single Engine 160 H.P.)	\$195.00		
Diploma Covers	\$10.00	Piper Arrow	\$207.00		
Online Lab Fee	\$50.00	Piper Seminole PA 44 (Multi-engine)	\$312.00		
Online Courses – Technology Fee*	\$150.00	Aviation Training Devices (ATD)	\$130.00		
Replacement Identification Card	\$5.00	Stage Checks	\$75.00		
Replacement of Diploma	\$25.00	TCO Ground Lesson (Per Hour)	\$75.00		
Return Check Fee	\$25.00	Module Classroom Instruction (Per module)	\$449.00		
Transcripts	\$5.00	Knowledge Test	\$165.00		
Course repeat charges	Tuition Rate	Flight Test – Private, Instrument, Comm., MEL and SEL, CFII	\$500 each		
		Flight Test – CFI	\$800.00		
		Frasca Level 5 FTD	\$165.00		

In certain circumstances an international fee of \$2,000, may be charged to students requiring an F-1 or M-1 visa.

A \$150.00 technology fee is required for each course taken via eCollege (Spartan's distance education online

course delivery system).

*Online Courses: This fee does not apply to the AMT (diploma) Hybrid Program core courses.

The technology fee is already included in the tuition for the fully online version of the BS program, which is the BS-

DE program.

ESL Course Information

Tuition and Fees:

COURSE TITLE	Clock Hrs.	Tuition	Software Subscription	IT Equipment Fee	Total Course Cost
ESL Course	600	\$16,695	\$525	\$875	\$18,095

Fees are based on the required six hundred (600) clock hours.

Successful completion of the program results in a certificate of completion.

The course can be repeated if the student does not successfully complete in 600 clock hours. In that event, a new Enrollment Agreement and course fees will be assessed.
