Subject: RE: EAP First Renewal

Good Morning,

This is my first time completing a renewal for your state, as I only took over these tasks in April of this year. I hope you don't mind, but I have some questions.

Questions:

1. Why is the campus also listed as its own branch campus?
2. How do I add our corporate office **if it's needed**? It handles accounts payable and houses some of the executives. No instruction or recruitment happens here. 14131 Midway Rd, Ste 630, Addison TX, 75001
3. Please update my name (compliance officer) to remove "Gipson" and leave only Osio.
4. Please update the chief administrator: Should it be the CEO? If so, it should be Dan Peterson – Dan.Peterson@Spartan.edu / 214.218.8344. If it's the Campus President, then that's the same as Campus Administrator – Kari Pahnö.
5. Programs:
 - a. We don't report outcomes using either of the calendars listed. Our accreditor uses 150% of program plus 3 months plus 1 yr and 150% of program plus 3 months. How should I report outcomes to you since there isn't an "other". Should I simply select one of the two options?
 - b. How do I update our program list with you? I have listed the current program versions below on the left and then on the right in yellow is what you currently have.
6. Not sure I understand the program outcome info section, but I will work on it. It shouldn't be too bad since it only covers WI students. The list below the programs are the students I show attending in years 2015, 2016, and 2017.

Programs – To the Left is what we currently offer and to the right is the program's status/info in your system.
