

STRATFORD CAREER INSTITUTE  
Updates to accompany original Institutional Plan  
August 2018

Stratford Career Institute (SCI) entered into new customized printing agreements with several major publishers. This will allow the school to reduce costs and avoid tuition increases for students without compromising the quality or content of its textbooks and reading materials.

SCI also commissioned a specialized IT firm to design and build a new learning management system, which is customized specifically for the needs of Stratford students. It will allow students direct access to a wide range of program enhanced features and improve their online experience across any platform. It will be fully optimized for mobile, desktop and tablet applications. Added security features will enhance the protection of student data. The launch date of the new database is January 1, 2019.

In conjunction with the launch of the new database, SCI is planning to reduce is paper usage by 5% in 2019. This will be achieved through a new student message center which will provide improved contact services with archiving capabilities for students.
