

COLLISION REPAIR & REFINISH TECHNOLOGY TRAINING

If you have the passion to transform something good-as-gone into something good-as-new, you're ready for UTI's **Collision Repair & Refinish Technology (CRRT)** program. Our CRRT curriculum is designed in close partnership with **I-CAR**, the industry provider of collision repair training standards defined by car manufacturers, insurance companies and employers.

COLLISION REPAIR & REFINISH TECHNOLOGY PROGRAM

Receive hands-on training on state-of-the-industry tools and equipment from ASE-certified instructors with real-world experience. Collision repair training covers:

- + Non-structural repair
- + Structural repair
- + Refinishing
- + Mechanical & electrical repair
- + Damage analysis, estimating & customer service

HOW YOU'LL BE RECOGNIZED

UTI collision repair graduates earn I-CAR's recognition of their high level of training as Platinum Individuals and can receive I-CAR certificates, including:

- + Introduction to Collision Certificate
- + Non-Structural Technician ProLevel 1
- + Steel Structural Technician ProLevel 1
- + Aluminum Structural Technician ProLevel 1
- + Refinishing ProLevel 1
- + Refinishing ProLevel 2
- + Refinishing ProLevel 3
- + Steel Welding Certificate
- + Aluminum Welding Certificate
- + Estimating (EST) ProLevel 1

To learn more, visit **UTI.edu/Collision**

*Not all programs are NATEF accredited.

WHY PLATINUM LEVEL STATUS IS IMPORTANT

Collision repair shops need Platinum level technicians to achieve Gold Class status and receive Direct Referral Program (DRP) business from insurance companies. This makes Platinum level technicians sought-after and valuable to employers.

As part of their training, students also will learn about:

- + Brakes
- + Climate control
- + Electronic fundamentals

WHO WE PARTNER WITH

UTI has relationships with industry leaders, including:

- + 3M
- + Axalta Coating Systems
- + Snap-on
- + Chief Alignment
- + Lincoln Electric
- + CCC Information Services

Our CRRT programs are accredited by the National Automotive Technicians Education Foundation (NATEF) in recognition of our courses meeting the highest possible standards.*

PROGRAM HIGHLIGHTS:

Auto Customizing

- + **Custom Paint:** Learn the fundamentals of airbrush techniques, special-effect paint techniques and hand pinstriping.
- + **Custom Body:** Receive special training in auto body customizing, including frenching antennas and license plates, fabricating roll pans and shaving door handles.

Estimating

- + **Damage Analysis:** Complete damage analysis estimates on vehicles using computer-based software, documentation, blueprinting and inspecting repairs for quality control.
- + **Customer Service:** Learn collision facility operation, insurance relations in the collision industry, customer communication, insurance and how to work with adjusters.

Chosen by Industry. Ready to Work.

UTI GRADUATES CAN RECEIVE ADDITIONAL INDUSTRY CERTIFICATIONS:

- + Axalta Cromax Pro Certified Refinisher
- + Safety & Pollution Prevention
- + 3M Plastics and Composite Repair System
- + Chief Velocity Certification
- + EPA 609 A/C Certification
- + Lean Efficiency Certification

WHAT ELSE YOU GET

CRRT students receive additional benefits:

- + Options to complete I-CAR modules to earn employer-recognized certificates
- + Experience with estimating software and job blueprinting
- + Experience with industry-standard equipment and specialty training aids:
 - custom paint and body techniques
 - MIG and squeeze-type spot welding equipment
 - Chief Velocity machine
 - paint booths
- + I-CAR course material for reference on CDs or online upon graduation
- + Course materials and tools to use at school

WHAT YOU CAN DO

Collision repair graduates are employed in these careers:

- | | |
|--------------------------------|------------------------------------|
| + Non-Structural Technician | + Steel Structural Technician |
| + Refinish Technician | + Aluminum Structural Technician |
| + Estimator | + Electrical/Mechanical Technician |
| + Parts and Equipment Manager | + Auto Physical Damage Appraiser |
| + Product Sales Representative | |

WHERE YOU'LL TRAIN

The CRRT program is available at UTI campuses in Houston, Long Beach and Sacramento.

WHEN YOU'RE READY TO START

To learn more about UTI's collision repair program, visit UTI.edu/Collision or call **800-335-2809**.

*UTI graduates come to our facility ready to work. They're on time; they've been taught about punctuality. They've been taught about teamwork and having a great work ethic and attitude. I think the effect that UTI has on their students' lives is a very positive one. They give them an opportunity to get a career in an industry that is growing. We definitely prefer to hire UTI graduates.**
