

Here's how to have your favorite manufacturer chasing after you.

Manufacturer-Specific Advanced Training

Shift into a higher salary sooner after an MSAT program at UTI.

On average, UTI graduates who have taken an MSAT program **get hired quicker** and **take home higher starting pay**.*

Ask your Admissions Representative for more information on MSAT Programs.

UTI.edu/AdvancedTraining

*Based on comparison with graduates from core programs between October 1, 2007, and September 30, 2014. For information about our graduation rates, the median debt of students who completed the program and other important information, visit our website at www.uti.edu/disclosure.

Here's what taking the extra step with Manufacturer-Specific Advanced Training can get you:

- ✓ A higher starting salary
- ✓ Less time before you land that dream job
- ✓ An overall better chance of being hired**
- ✓ Certifications and skills that manufacturers demand
- ✓ Labs that mirror real-world shops
- ✓ Training with the latest vehicles & equipment

**UTI cannot guarantee employment or salary.
