Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Chris A. Metzger, M.D. (DOB November 8, 1970), is licensed in the state of Wisconsin to practice medicine and surgery, having license number 68243-20, first issued on October 27, 2017, with registration current through October 31, 2019. 2. Respondent is an anesthesiologist and has also been licensed to practice medicine in the state of Washington since 2003.

3. On November 15, 2018, Respondent and the Washington Medical Quality Assurance Commission (WA Commission) entered into an Amended Stipulation to Informal Disposition (WA Stipulation).

4. The WA Stipulation reflects, *inter alia*, the following:

a. On or about June 12, 2016, while working in an operating room, Respondent was seen self-medicating via IV and performing self-wound care.

b. Respondent claimed he self-injected antibiotics and treated a wound resulting from an infection he developed while on vacation.

c. Respondent's employer required him to complete a residential diagnostic evaluation at a Hazelden facility in Oregon to assess for potential substance abuse.

d. Between July 14 and July 19, 2016, Respondent completed the Hazelden evaluation, which "found no evidence of Respondent's opioid use or any substance use disorder" as confirmed by toxicology testing. However, it was recommended that Respondent undergo additional testing for alcohol use levels.

e. Respondent underwent an Independent Evaluation for Impaired Professionals with a physician certified by the American Board of Psychiatry and Neurology and the American Board of Addiction Medicine. The evaluator found that Respondent "continues to consume very low levels of alcohol and that there is no evidence of problematic drinking or alcohol abuse." He recommended random alcohol testing for an additional six months or upon request for any concerns at work.

f. Respondent was ordered to undergo twelve months of random testing, to work under physician monitoring with quarterly reporting, pay costs of \$1,000, and other administrative conditions.

g. Mitigating factors were identified as: no known patient harm; Respondent cooperated with the WA Commission's investigation; Respondent proactively addressed the WA Commission's concerns; and no prior discipline since licensure in 2003.

5. Respondent consents to entry of the following Conclusions of Law and Order.
