- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Safety and Professional Services from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.

The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Safety and Professional Services, PO Box 8935, Madison, WI 53708-8935. The Department charges copying fees. *All requests must cite the case number, the date of the order, and respondent's name* as it appears on the order.

4. The Applicant’s ability to practice practical nursing in the state of Wisconsin, and her privilege to practice in Wisconsin pursuant to the Enhanced Nurse Licensure Compact (Compact), is LIMITED as follows:
  - a. For a period of at least two (2) years from the date of this Order:
    - i. Applicant shall enroll and participate in a drug and alcohol monitoring program which is approved by the Department

(Approved Program). Enrollment shall occur within thirty (30) calendar days from the date of this Order.

- ii. At the time Applicant enrolls in the Approved Program, Applicant shall review all of the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug and alcohol monitoring established by the Approved Program is a substantial violation of this Order. The requirements shall include:
  - 1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
  - 2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.

- iii. Applicant shall abstain from all personal use of alcohol.

Reports must be received within 24 hours of ingestion or administration of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Applicant shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.

- vi. Applicant shall provide the Department Monitor with a list of over-the-counter medications and drugs that she may take from time to time. - vii. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Applicant must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- viii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Applicant shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.

Such acknowledgment shall be provided to the Department Monitor within fourteen (14) days of beginning new employment and/or within fourteen (14) days of the date of this Order for employment current as of the date of this Order.
- b. It is Applicant's responsibility to arrange for quarterly written reports to be submitted to the Department Monitor from his or her supervisor at each setting in which Applicant practiced nursing in the previous quarter. These reports

shall be submitted as directed by the Department Monitor, and shall assess Applicant's work performance, and shall include the number of hours of active nursing practice worked during that quarter. If a report indicates poor performance, the Board may institute additional limitations on Applicant's nursing license, or may suspend Applicant's nursing license(s), in its discretion.
