Please read this agreement prior to viewing the Decision:

- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Safety and Professional Services from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.
- Reports of Decisions contains information as it exists at a specific point in time in the Department of Safety and Professional Services data base. Because this data base changes constantly, the Department is not responsible for subsequent entries that update, correct or delete data. The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Safety and Professional Services, PO Box 8935, Madison, WI 53708-8935. The Department charges copying fees. *All requests must cite the case number, the date of the order, and respondent's name* as it appears on the order.
- Reported decisions may have an appeal pending, and discipline may be stayed during the appeal. Information about the current status of a credential issued by the Department of Safety and Professional Services is shown on the Department's Web Site under "License Lookup."

The status of an appeal may be found on court access websites at:

CONCLUSIONS OF LAW

1. The Board has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07 and is authorized to enter the attached Stipulation pursuant to Wis. Stat. §§ 15.08(5)(c) and 227.44(5).
2. The Board may deny or limit a license if the applicant committed a violation of Wis. Stat. § 441.07(1g).
3. By the conduct described in the Findings of Fact, Applicant violated Wis. Stat. § 441.07(1g)(b) and (c), and Wis. Admin. Code § N 7.03(6)(f), by committing acts which show Applicant to be negligent, unfit or incompetent by reason of abuse of alcohol or other drugs; and Applicant is unable to practice safely by reason of alcohol or other substance abuse.

ORDER

1. The attached Stipulation is accepted.
2. Limitations upon Applicant's license are necessary to ensure that she is fit and competent to practice as a licensed practical nurse.

3. Applicant's application for a licensed practical nurse license is granted subject to the following limitations.

4. The applicant's ability to practice practical nursing in the state of Wisconsin, and her privilege to practice in Wisconsin pursuant to the Enhanced Nurse Licensure Compact (Compact), is LIMITED as follows:

- a. For a period of at least two (2) years from the date of this Order:
 - i. Applicant shall enroll and participate in a drug and alcohol monitoring program which is approved by the Department (Approved Program). Enrollment shall occur within thirty (30) calendar days from the date of this Order.
 - ii. At the time Applicant enrolls in the Approved Program, Applicant shall review all of the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug and alcohol monitoring established by the Approved Program is a substantial violation of this Order. The requirements shall include:
 - 1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
 - 2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.
 - 3. The Approved Program shall require the testing of specimens at a frequency of not less than forty-nine (49) times per year, for at least the first year of this Order. Thereafter, the Board may adjust the frequency of testing on its own initiative at any time.
 - iii. Applicant shall abstain from all personal use of alcohol.
 - iv. Applicant shall abstain from all personal use of controlled substances as defined in Wis. Stat. § 961.01(4), except when prescribed, dispensed or administered by a practitioner for a legitimate medical condition. Applicant shall disclose Applicant's drug and alcohol history and the existence and nature of this Order to the practitioner prior to the practitioner ordering the controlled substance. Applicant shall at the time the controlled substance is ordered immediately sign a release in compliance with state and federal laws authorizing the practitioner to discuss Applicant's treatment with, and provide copies of treatment records to, the Board

or its designee. Copies of these releases shall immediately be filed with the Department Monitor.

- v. Applicant shall report to the Department Monitor all prescription medications and drugs taken by Applicant. Reports must be received within 24 hours of ingestion or administration of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Applicant shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.
- vi. Applicant shall provide the Department Monitor with a list of over-the-counter medications and drugs that she may take from time to time. Over-the-counter medications and drugs that mask the consumption of controlled substances or of alcohol, create false positive screening results, or interfere with Applicant's treatment and rehabilitation, shall not be taken unless ordered by a physician, in which case the drug must be reported as described in the paragraph 4(a)v.
- vii. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Applicant must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- viii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Applicant shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.
- ix. Applicant shall provide his nursing employer with a copy of this Order before engaging in any nursing employment. Applicant shall provide the Department Monitor with written acknowledgment from each nursing employer that a copy of this Order has been received. Such acknowledgment shall be provided to the Department Monitor within fourteen (14) days of beginning new employment and/or within fourteen (14) days of the date of this Order for employment current as of the date of this Order.
- x. Applicant shall not work as a nurse in a setting in which Applicant has access to controlled substances. Applicant shall provide the Department Monitor with written acknowledgment from each nursing employer that Applicant does not have access to controlled

substances. Such acknowledgment shall be provided to the Department Monitor within fourteen (14) days from the date of this Order for any current employer and on a quarterly basis thereafter from each nursing employer.

5. Within sixty (60) days of the date of this Order, Applicant shall, at his own expense, undergo a fitness for practice evaluation with a pre-approved psychiatrist or psychologist (Evaluator) who has not provided treatment to Applicant and is experienced in evaluating whether a health care professional is fit for practice:

- a. Prior to evaluation, Applicant shall provide a copy of this Final Decision and Order to the Evaluator.
- b. Applicant shall identify and provide the Evaluator with authorizations to communicate with all physicians, mental health professionals, and facilities at which Applicant has been treated or evaluated.
- c. Within fifteen (15) days of completion of the evaluation, a written report regarding the results of the assessment shall be submitted to the Department Monitor at the address below. The report shall address whether Applicant suffers from any condition(s) that may interfere with his ability to practice safely and competently and, if so, shall provide any recommended limitations for safe and competent practice.
- d. Applicant shall execute necessary documents authorizing the Department to obtain records of the evaluation, and to discuss Applicant and his case with the Evaluator. Applicant shall execute all releases necessary to permit disclosure of the final evaluation report to the Board or its designee. Certified copies of the final evaluation report shall be admissible in any future proceeding before the Board.
- e. If the Evaluator determines that Applicant is not fit for practice or is fit for practice with limitations, the Board or its designee may suspend Applicant's license until Applicant provides proof sufficient to convince the Board or its designee that Applicant is able to practice with reasonable skill and safety of patients and the public and does not suffer from any condition which prevents Applicant from practicing in that manner.
- f. If the Evaluator determines that Applicant is fit for practice or is fit for practice with limitations, the Board or its designee may limit Applicant's license in a manner to address any concerns the Board or its designee has as a result of the conduct set out in the Findings of Fact and to address any recommendations resulting from the evaluation, including, but not limited to:
 - i. Psychotherapy, at Applicant's expense, by a therapist approved by the Board or its designee, to address specific treatment goals, with quarterly reports to the Board by the therapist.

- ii. Additional professional education in any identified areas of deficiency.
- iii. Restrictions on the nature of practice, practice setting, or requirements for supervision of practice by a professional approved by the Board, with periodic reports to the Board by the supervisor.
- g. Applicant is responsible for ensuring that the results of the evaluation are sent to the Department Monitor at the address below.

6. Pursuant to the Compact, Applicant may not practice in a Compact state, other than Wisconsin, during the pendency of this limitation(s).

7. After the first year from the date of this Order, Applicant may petition the Board on an annual basis for a modification of the terms of this Order. After two (2) consecutive years of successful compliance, the Applicant may petition the Board for return of full licensure. The Board may grant or deny any petition, in its discretion, or may modify this Order as it sees fit.
