- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Safety and Professional Services from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.

The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Safety and Professional Services, PO Box 8935, Madison, WI 53708-8935. The Department charges copying fees. *All requests must cite the case number, the date of the order, and respondent's name* as it appears on the order.
- Reported decisions may have an appeal pending, and discipline may be stayed during the appeal. Information about the current status of a credential issued by the Department of Safety and Professional Services is shown on the Department's Web Site under "License Lookup."

The status of an appeal may be found on court access websites at:

Accordingly, the Section in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

## FINDINGS OF FACT

1. Respondent Patrick C. Gobb (dob xx/xx/1964) is registered by the State of Wisconsin as a professional engineer, having certificate of registration number 46865-6, first issued on February 1, 2019 and current through July 31, 2020. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Frisco, Texas 75034.
2. Respondent NewFields Environmental & Engineering, LLC is authorized by the State of Wisconsin as a engineering corporation, having certificate of authorization number 4620-11, first issued on March 12, 2019 and current through January 31, 2022. Respondent's most recent address on file with the Department is in Addison, Texas 75001.
3. Respondent Patrick C. Gobb is identified in Department records as the responsible licensee in charge of Respondent NewFields Environmental & Engineering, LLC (NewFields).
4. On July 29, 2019, the Department received a self-reported complaint from Respondents stating that Respondents had received discipline in other states related to their engineering credentials. The Division of Legal Services and Compliance (DLSC) subsequently opened Case Number 19 ENG 014 for investigation.
5. On March 15, 2014, the Louisiana Professional Engineering and Land Surveying Board (Louisiana Board) disciplined Respondent NewFields for working on 38 engineering projects while its Louisiana Certificate of Authorization (COA) was expired. The Louisiana Board ordered Respondent NewFields to pay a fine of \$3,450, administrative costs of \$440.75, and past due renewal fees of \$510. The Louisiana Board also required that Respondent NewFields' supervising professional, Jason O. Kendrick, III, pass the online Louisiana Laws and Rules quiz with a score of at least ninety percent.
6. On March 8, 2019, Respondent Gobb completed a Wisconsin COA application for Respondent NewFields. Question number 2 of the application asked "Has any licensing or other credentialing agency ever taken any disciplinary action against the firm, partnership or corporation or any of its officers, including but not limited to any warning, reprimand, suspension, probation, limitation, or revocation?" In response to this question, Respondent Gobb answered "No".
7. In a letter to the Department dated April 18, 2019, Respondent Gobb stated that he had inadvertently failed to report the discipline taken by the Louisiana Board on Respondent NewFields' Wisconsin COA application. Respondent Gobb also stated that Respondent NewFields had provided seven Spill, Prevention, Control and Countermeasure (SPCC) plans for sites in Wisconsin before Respondent NewFields was licensed in Wisconsin.
8. On July 11, 2019, the Oklahoma State Board of Licensure for Professional Engineers and Land Surveyors (Oklahoma Board) disciplined Respondents for failing to report the discipline from the Louisiana Board on Respondent NewFields' Oklahoma COA application, and for completing 83 SPCC plans in Oklahoma without an Oklahoma COA. The Oklahoma Board fined Respondent NewFields \$7,500 and ordered Respondent NewFields to cease and

desist from practicing in Oklahoma until Respondent NewFields had an Oklahoma COA. Respondent Gobb was fined \$7,500.

9. On July 29, 2019, Respondents reported to the Department that they had been disciplined by the Oklahoma Board.

10. In resolution of this matter, Respondents consent to the entry of the following Conclusions of Law and Order.
