1. The attached Stipulation is accepted.
2. Limitations upon Applicant's Registered Nurse credential are necessary to ensure that she is fit and competent to practice as a Registered Nurse.
3. Applicant's ability to practice as a Registered Nurse in the state of Wisconsin, and her privilege to practice pursuant to the Enhanced Nurse Licensure Compact (Compact), is LIMITED as follows:
 - A. For a period of at least two (2) years from the date of this Order:
 - i. Applicant shall continue to be enrolled in and participate in a drug and alcohol monitoring program which is approved by the Department (Approved Program).
 - ii. At the time Applicant enrolls in the Approved Program, Applicant shall review the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug and alcohol monitoring established by the Approved Program is a substantial violation of this Order. The requirements shall include:
 1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
 2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.

Copies of

these releases shall immediately be filed with the Department of Safety and Professional Services Monitor (Department Monitor).

- v. Applicant shall report to the Department Monitor all prescription medications and drugs taken by Applicant. Reports must be received within twenty-four (24) hours of ingestion or administration of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Applicant shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.
- vi. Applicant shall provide the Department Monitor with a list of over-the-counter medications and drugs that she may take from time to time. - vii. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Applicant must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- viii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Applicant shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.

4. Applicant may petition the Board on an annual basis for modification of the terms of this Order, however no such petition for modification shall occur earlier than one (1) year from the date of Order 6395 (September 6, 2019). Denial of a petition in whole or in part shall not be considered a denial of a license within the meaning of Wis. Stat. § 227.01(3)(a), and Applicant shall not have a right to any further hearings or proceedings on the denial.

5. After two (2) consecutive years of successful compliance under this Order, together with compliance with Order 6395, including at least six hundred (600) hours of approved nursing practice each year, the Applicant may petition the Board for return of full licensure. The Board may grant or deny any petition, in its discretion, or may modify this Order as it sees fit.
