FINDINGS OF FACT

1. Christiana K. Keita, L.P.N. (Respondent), (Year of Birth 1964) is licensed in the state of Wisconsin as a licensed practical nurse, having license number 309513-31, first issued on September 3, 2008, and current through April 30, 2023. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Madison, Wisconsin 53711.
2. At all times relevant to this proceeding, Respondent was employed as licensed practical nurse at an skilled nursing facility, located in Middleton, Wisconsin (Facility).

3. Respondent provided care and treatment to a 72-year-old male patient (Patient A) who was diagnosed with Type II diabetes, diabetic neuropathy, peripheral vascular disease, and end stage renal disease. Patient A's care plan required daily diabetic foot checks.

4. Respondent documented in Patient A's medical record that she had completed the daily diabetic foot checks on November 1 and November 6 – 10, 2019. However, Patient A always had his socks on and continually refused to remove his socks during this time, so Respondent could not physically examine and assess the condition of his feet and toes.

5. Respondent documented that she had completed Patient A's weekly skin observation on November 9, 2019. However, she failed to indicate that she did not observe the condition of Patient A's feet.

6. Respondent did not document any wound assessments or areas of concern, did not document Patient A's refusal of treatment, and did not report the refusals of treatment to Patient A's physician.

7. On November 11, 2019, Patient A was found to have open wounds on his right foot to the second, third, and fourth digits.

8. On November 12, 2019, Patient A's toes looked gangrenous. The Facility's wound care nurse assessed his foot and documented that the wound was 12 cm x 10 cm, odorous, and had the appearance of infection. Patient A was sent to the emergency room.

9. On November 12, 2019, Respondent completed education at the Facility on the process of daily diabetic foot checks, documentation of refusals of care and notification to supervisors and medical providers regarding refusals of care, and skin and wound evaluation and assessment.

10. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.
