You are receiving this forfeiture because a Department investigation found you performed electrical work at 616 Meade Street Kaukauna, WI 54130 without possessing the proper

credentials. Credentials are required in the State of Wisconsin to perform most electrical work. The investigation found that you performed electrical work for Andy Reihl without possessing the proper credential.

The Department provided you an opportunity to respond and you failed to respond. The Department finds there is a preponderance of evidence that you engaged in unlicensed electrical work. For engaging in electrical work without the proper credential the Department enters a forfeiture of \$300.00 in accordance with Wis. Stat. § 101.88(3).

Hold on credentials for failure to respond to an investigation to the satisfaction of the Department in violation of Wis. Stat. § 101.022 and Wis. Stat. 440.20(5)(a)

The Department opened an investigation regarding this complaint and attempted to contact you. The Department did the following in its efforts to contact you:

- On January 21, 2021, the Department investigator sent an email and letter to you with a response deadline of February 4, 2021. (427 PHEASANT RUN) No response was received for the letter. The email to you was undeliverable.
- On February 8, 2021, the investigator sent the same letter to you that was sent on January 21, 2021. The letter was sent via certified mail and asked for a response by February 22, 2021. No response was received.
- On February 22, 2021, the investigator tried calling you using the phone number listed on his Lexis Nexis search result. There was no answer and the investigator left a voicemail.
- On February 22, 2021, the investigator resent the letter and asked for a response by March 8, 2021.
- On February 22, 2021, the investigator found another address (1424 E COOLIDGE AVE) and sent a letter asking for a response by March 8, 2021. No response was received.
- On February 25, 2021, DSPS received the certified mail receipt for the letter the investigator sent you on February 8, 2021. The letter was signed for by you.
- On March 9, 2021, the investigator tried calling you for a second time. No one answered and the investigator left a voicemail explaining the reason for the call and asked for a call back. No further response was received.

Wis. Stat. § 440.20(5)(a) (applicable to electricians through Wis. Stat. § 101.022) states that the department may deny, limit, suspend, or revoke a credential, if the credential holder fails to respond, to the satisfaction of the department, within 30 days to a request for information from the department, in connection with an investigation of alleged misconduct of the credential holder. Upon information and belief you previously held a journeyman electrician's license with

the Department and you currently have a pending master electrician's application with the Department. The Department's investigation shows that it attempted to contact you and you failed to respond to the allegations in the complaint in a reasonable amount of time. For these reasons, the Department has sufficient evidence to limit any potential credentials until this matter is addressed. Therefore, your application is being held until you address this allegation to the satisfaction of the Department and pay the forfeiture associated with the unlicensed electrical work.

You have the right to request a hearing on this matter by sending a request for hearing to the Department of Safety and Professional Services, Chief Legal Counsel, P.O. Box 7190, Madison, Wisconsin 53707-7190, which must be received by the Department no later than 30 days from the date of mailing of this Notice. Any review will be held in accordance with the requirements set forth in Wis. Stat. § 101.02(6). Such request for review shall set out specifically and in full detail every reason why this order is unreasonable, and every issue to be considered by the Department in the review.

Dated at Madison, Wisconsin on September 10, 2021.
