The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Dentistry Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. Licensee William J. Baxa, D.D.S., (Year of Birth 1957) is licensed in the state of Wisconsin to practice dentistry, having license number 3045-15, first issued on August 23, 1982 and current through September 30, 2023. Licensee's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Independence, Wisconsin 54747.

2. At all times relevant to this matter, Licensee practiced dentistry at his dental clinic located in Independence, Wisconsin.

3. On April 2, 2020, Licensee fitted a 63-year-old female patient (Patient A) with upper dentures. After the dentures were placed, Patient A reported that her tongue did not feel right but thought she would get used to them.

4. On April 28, 2020, Patient A returned to see Licensee and requested an adjustment of the upper dentures because her tongue still did not feel right. Licensee told Patient A they did not need adjusting and made no adjustments.

5. On July 7, 2020, Licensee fitted Patient A with lower dentures. Patient A again complained about her upper dentures, but Licensee maintained that they did not require any adjustment.

6. On August 11, September 14, and November 5, 2020, Patient A continued to report to Licensee that the top and bottom dentures did not match, that she had trouble eating with the dentures, and that her tongue still did not feel right. Licensee made no adjustments and told Patient A it would take time to get used to them.

7. On December 22, 2020, a subsequent treating dentist examined Patient A and found that both the upper and lower dentures had minimal retention, created a crossbite, and did not comply with rules of occlusion. This made the dentures impossible to wear and impossible to adjust. The only available option was to refabricate a new set of dentures.

8. Licensee reimbursed Patient A for the cost of the dentures.

9. In resolution of this matter, Licensee consents to the entry of the following Conclusion of Law and Order.

#### CONCLUSION OF LAW

1. The Wisconsin Dentistry Examining Board is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

#### ORDER

Licensee shall be responsible for locating course(s) satisfactory to the Board and for obtaining the required approval of the course(s) from the Board or its designee.
