- The Reports of Decisions is designed to contain copies of all orders issued by credentialing authorities within the Department of Safety and Professional Services from November, 1998 to the present. In addition, many but not all orders for the time period between 1977 and November, 1998 are posted. Not all orders issued by a credentialing authority constitute a formal disciplinary action.

Because this data base changes constantly, the Department is not responsible for subsequent entries that update, correct or delete data. The Department is not responsible for notifying prior requesters of updates, modifications, corrections or deletions. All users have the responsibility to determine whether information obtained from this site is still accurate, current and complete.
- There may be discrepancies between the online copies and the original document. Original documents should be consulted as the definitive representation of the order's content. Copies of original orders may be obtained by mailing requests to the Department of Safety and Professional Services, PO Box 8935, Madison, WI 53708-8935. The Department charges copying fees. *All requests must cite the case number, the date of the order, and respondent's name* as it appears on the order.
- Reported decisions may have an appeal pending, and discipline may be stayed during the appeal. Information about the current status of a credential issued by the Department of Safety and Professional Services is shown on the Department's Web Site under "License Lookup."

The status of an appeal may be found on court access websites at:

ORDER

1. The attached Stipulation is accepted.

2. Respondent is REPRIMANDED.

3. Respondent's license to practice as a registered nurse in the state of Wisconsin (license number 226621-30), and her privilege to practice pursuant to the Enhanced Nurse Licensure Compact (Compact), are LIMITED as follows:

a. For a period of at least two years from the date of this Order:

i. Respondent shall enroll and participate in a drug and alcohol monitoring program which is approved by the Department (Approved Program). Enrollment shall occur within 30 calendar days from the date of this Order.

ii. At the time Respondent enrolls in the Approved Program, Respondent shall review all of the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug and alcohol monitoring established by the Approved Program is a substantial violation of this Order. The requirements shall include:

1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.

2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five hours of notification of a test.

3. The Approved Program shall require the testing of specimens at a frequency of not less than 49 times per year (one of which may be a hair test at the Board's discretion), for at least the first year of this Order. Thereafter, the Board may adjust the frequency of testing on its own initiative at any time.

iii. Respondent shall abstain from all personal use of alcohol.

- iv. Respondent shall abstain from all personal use of controlled substances as defined in Wis. Stat. § 961.01(4), except when prescribed, dispensed, or administered by a practitioner for a legitimate medical condition. Respondent shall disclose Respondent's drug and alcohol history and the existence and nature of this Order to the practitioner prior to the practitioner ordering the controlled substance. Respondent shall at the time the controlled substance is ordered immediately sign a release in compliance with state and federal laws authorizing the practitioner to discuss Respondent's treatment with, and provide copies of treatment records to, the Board or its designee. Copies of these releases shall immediately be filed with the Department Monitor. Respondent shall disclose the name and address of such practitioner to the Department Monitor within five business days of receipt of a prescription for controlled substances.
- v. Respondent shall report to the Department Monitor all prescription medications and drugs taken by Respondent. Reports must be received within 24 hours of ingestion or administration of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered, or ordered said medications or drugs. - vi. Respondent shall provide the Department Monitor with a list of over-the-counter medications and drugs that she may take from time to time. Respondent shall abstain from all use of over-the-counter medications, products, or other substances (including but not limited to natural substances, such as poppy seeds or any products containing alcohol) which may mask consumption of controlled substances or alcohol, create false positive screening results, or otherwise interfere with Respondent's test results, treatment, or rehabilitation, unless ordered by a physician and approved by Treater, in which case the drug must be reported as described in paragraph 3(a)v. It is Respondent's responsibility to educate herself about the medications and substances which may violate this paragraph, and to avoid those medications and substances.
- vii. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
- viii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or

alcohol, Respondent shall promptly submit to additional tests or examinations as the Board, or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.

- ix. Respondent shall practice only in a work setting pre-approved by the Board or its designee.
- x. Respondent shall provide his or her nursing employer with a copy of this Order and any subsequent order modifying this Order before engaging in any nursing employment. Respondent shall provide the Department Monitor with written acknowledgment from each nursing employer that a copy of this Order and any subsequent order modifying this Order has been received. Such acknowledgment shall be provided to the Department Monitor within 14 days of beginning new employment and/or within 14 days of the date of this Order and any subsequent order modifying this Order for employment current as of the date of this Order.
- xi. Respondent shall not work as a nurse or other health care provider in a setting in which Respondent has access to controlled substances. Respondent shall provide the Department Monitor with written acknowledgment from each nursing employer that Respondent does not have access to controlled substances. Such acknowledgement shall be provided to the Department Monitor within 14 days from the date of this Order for any current employer and on a quarterly basis thereafter from each nursing employer.

4. Pursuant to Wis. Stat. § 441.51(5)(b), Respondent's multistate licensure privilege to practice in all Compact states besides Wisconsin is deactivated during the pendency of this Order.

5. A violation of this Order includes a positive drug or alcohol screen.

6. After the first year from the date of this Order, Respondent may petition the Board on an annual basis for a modification of the terms of this Order. After two consecutive years of successful compliance, the Respondent may petition the Board for return of full licensure. The Board may grant or deny any petition, in its discretion, or may modify this Order as it sees fit.

7. Within 120 days from the date of this Order, Respondent shall pay COSTS of this matter in the amount of \$1,041.00.
