The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Medical Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. Respondent Julie A. Bulkow, R.C.P. (Year of Birth 1977), is certified in the state of Wisconsin as a respiratory care practitioner, having certificate number 3018-28, first issued on September 18, 2003, and current through June 30, 2022. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Oostburg, Wisconsin 53070.

2. At all times relevant to this proceeding, Respondent was employed as a registered respiratory therapist and Interim Supervisor of Respiratory Therapy and Neuro-Diagnostics with a healthcare facility in Sheboygan, Wisconsin (Facility).

3. On the evening of October 15, 2020, Respondent sent rambling, politically-charged and work-related text messages to a registered respiratory therapist under her supervision

(Employee) outside of work hours. Respondent also posted disparaging comments regarding Employee and his wife on Facebook.

4. After Respondent was told by the Facility's Manager of Patient Care Services (Manager) to stop texting Employee, Respondent went to Employee's house and entered without permission in an attempt to reconcile with him. Respondent appeared intoxicated and left when instructed to by Employee's wife.

5. After police were notified, Respondent was arrested and charged with Operating While Intoxicated (1st) and Trespass to Dwelling, both non-criminal forfeitures, in Sheboygan County Circuit Court Case Nos. 2020TR004235 and 2020FO000405, respectively. Respondent was later charged with Operating w/PAC \geq 0.15(1st), also a forfeiture, in Sheboygan County Circuit Court Case No. 2020TR004589, after the results of her blood draw showed a blood alcohol concentration (BAC) of .260g/100mL. Those cases are pending.

6. On the morning of October 16, 2020, Respondent arrived at the Facility to confront Employee. Facility security intercepted Respondent and brought her to Manager's office. After Manager observed signs of impairment, such as shouting, rambling, crying, and blood shot and glassy eyes, Respondent agreed to complete a breathalyzer test, the results of which showed a .103 BAC.

7. The Facility terminated Respondent's employment effective November 19, 2020.

8. Respondent regrets her actions. On October 17, 2020, Respondent was admitted for inpatient psychiatric and alcohol withdrawal syndrome treatment. She was discharged on October 20, 2020 and referred to an alcohol and other drug abuse (AODA) treatment program, where she was diagnosed with alcohol use disorder-severe.

9. On February 25, 2022, Respondent underwent an AODA assessment with a licensed substance abuse counselor. Respondent reported she had not consumed alcohol since the above incident and the counselor determined she was not alcohol dependent based on her statements.

10. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.

3. As a result of the above conduct, Respondent is subject to discipline pursuant to Wis. Stat. § 448.02(3).

- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:

- C.2. Respondent shall immediately provide Treater with a copy of this Final Decision and Order and all other subsequent orders.
- C.3. Treater shall be responsible for coordinating Respondent's rehabilitation and treatment as required under the terms of this Order, and shall immediately report any relapse, violation of any of the terms and conditions of this Order, and any suspected unprofessional conduct, to the Department Monitor (See D.1., below). If Treater is unable or unwilling to serve as required by this Order, Respondent shall immediately seek approval of a successor Treater by the Board or its designee.

- C.4. The rehabilitation program shall include individual and/or group therapy sessions at a frequency to be determined by Treater. Therapy may end only with the approval of the Board or its designee, after receiving a petition for modification as required by D.5., below.
- C.5. Treater shall submit formal written reports to the Department Monitor on a quarterly basis, as directed by the Department Monitor. These reports shall assess Respondent's progress in drug and alcohol treatment.

Releases

- C.6. Respondent shall provide and keep on file with Treater, all treatment facilities and personnel, laboratories and collection sites current releases complying with state and federal laws. The releases shall allow the Board, its designee, and any employee of the Department to: (a) obtain all specimen screen results and patient health care and treatment records and reports, and (b) discuss the progress of Respondent's treatment and rehabilitation with Treater, treatment facilities and personnel, laboratories and collection sites. Copies of these releases shall immediately be filed with the Department Monitor.

AA/NA Meetings

- C.7. Respondent shall attend Narcotics Anonymous and/or Alcoholics Anonymous meetings or an approved equivalent program for recovering professionals, at the frequency recommended by Treater, but no less than twice per week. Attendance of Respondent at such meetings shall be verified and reported quarterly to Treater and the Department Monitor.

- C.8. Respondent shall abstain from all personal use of alcohol.
- C.9. Respondent shall abstain from all personal use of controlled substances as defined in Wis. Stat. § 961.01(4), except when prescribed, dispensed or administered by a practitioner for a legitimate medical condition. Respondent shall abstain from all use of over-the-counter medications, products, or other substances (including but not limited to natural substances, such as poppy seeds or any products containing alcohol) which may mask consumption of controlled substances or of alcohol, create false positive screening results, or otherwise interfere with Respondent's test results, treatment, or rehabilitation, unless ordered by a physician and approved by Treater, in which case the drug must be reported as described in paragraph C.11. It is Respondent's responsibility to educate herself about the medications and substances which may violate this paragraph, and to avoid those medications and substances.

- C.11. Respondent shall report to Treater and the Department Monitor all prescription medications and drugs taken by Respondent. Reports must be received within 24 hours of administration, fill, or refill of the medication or drug, and shall identify the person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Respondent shall immediately arrange for the prescriber or pharmacy to fax and mail copies of the prescription to the Department Monitor.

Drug and Alcohol Screens

- C.12. Within thirty (30) days from the date of the Order, Respondent shall enroll and begin participation in a drug and alcohol monitoring program which is approved by the Department (Approved Program).

- C.14. The Approved Program shall require the testing of specimens at a frequency of not less than 49 times per year (one of which may be a hair test at the Board's discretion), for at least the first year of this Order. After the first year, the Board may adjust the frequency of testing on its own initiative at any time, and/or Respondent may petition for modification of testing frequency per paragraph D.5.
- C.15. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Respondent shall promptly submit to additional tests or examinations, as the Board or its designee shall determine to be appropriate, to clarify or confirm the positive or suspected positive test results.
- C.16. In addition to any requirement of the Approved Program, the Board or its designee may require Respondent to do any or all of the following: (a) submit additional specimens; (b) furnish any specimen in a directly witnessed manner; or (c) submit specimens on a more frequent basis.
- C.17. All confirmed positive test results shall be presumed valid. Respondent must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody, or other valid defense.
- C.18. The Approved Program shall submit information and reports to the Department Monitor as directed.

Practice Limitations

- C.19. Respondent shall not work as a respiratory care practitioner or other health care provider in a setting in which Respondent has access to controlled substances.

- C.21. Respondent shall furnish a copy of this Order to all present employers immediately upon issuance of this Order, and to any prospective employer when Respondent applies for employment as a health care provider. Within fourteen (14) days from the date of this Order, including any subsequent order modifying this original Order, Respondent shall provide the Department Monitor with written acknowledgment from the employer that a copy of this Order, and any subsequent order modifying this original Order, have been received and that the restrictions will be accommodated.
- C.22. Respondent shall practice only under the direct supervision of a certified respiratory care practitioner, or other licensed health care professional approved by the Board or its designee, who has received a copy of this Order.
- C.23. It is Respondent's responsibility to arrange for quarterly written reports to be submitted to the Department Monitor from her supervisor at each setting in which Respondent practiced in the previous quarter. These reports shall be submitted as directed by the Department Monitor, and shall assess Respondent's work performance, and shall include the number of hours of active practice worked during that quarter. If a report indicates less than satisfactory performance, the Board may institute appropriate corrective limitations, or may revoke a stay of the suspension, in its discretion.
- C.24. Respondent shall report to the Board any change of employment status, residence, mailing address, email address, or telephone number within five (5) days of the date of a change. This report shall not be considered formal change of address notification pursuant to Wis. Stat. § 440.11.
