: FINAL DECISION AND ORDER
: FOR REMEDIAL EDUCATION
KYLE GREIBER, M.D., :
LICENSEE. : **ORDER 0008023**

Division of Legal Services and Compliance Case No. 21 MED 490

The parties to this action for the purposes of Wis. Stat. § 227.53 are:

Kyle Greiber, M.D.
Lodi, WI 53555

Wisconsin Medical Examining Board
P.O. Box 8366
Madison, WI 53708-8366

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Medical Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusion of Law, and Order.

FINDINGS OF FACT

1. Licensee Kyle Greiber, M.D., (Year of Birth 1988) is licensed in the state of Wisconsin to practice medicine and surgery, having license number 69937-20, first issued on August 27, 2018 with registration current through October 31, 2023. Licensee's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Lodi, Wisconsin 53555.

2. At all times relevant to this proceeding, Licensee practiced as an anesthesiologist at a hospital located in Madison, Wisconsin (Facility).

3. On October 17, 2021, Licensee was the anesthesiologist assigned to a 53 year-old female patient (Patient A) who underwent a right transmetatarsal amputation at the Facility.

Patient A's health history included peripheral vascular disease on anticoagulation, poorly controlled type 2 diabetes, and chronic kidney disease. Patient A was intubated and fully sedated under general anesthesia for the procedure.

4. Following the surgical procedure, Patient A was not emerging from general anesthesia normally and did not respond to auditory stimuli. After eliminating common reasons as the cause for the delayed emergence, Licensee used various physical stimuli in an effort to assess the depth and other potential causes of the delayed emergence. These included opening of the eyes, flat-handed hitting of the chest, forceful taps to the forehead, a jaw thrust behind the ears, a jaw thrust under the chin, pinching of skin near the armpit, pinching of skin on the forearm, and flat-handed hitting on the face and over the patient's ear. When no response was observed, Licensee tested for protective airway reflexes. Patient A responded to this stimuli indicating protective reflexes were returning. Patient A continued to emerge and Licensee extubated successfully and without incident. Patient A developed a small bruise where Licensee had pinched her forearm, but reported no issues or discomfort from the actions Licensee took.

5. Licensee denies the course of action he took was inappropriate under the circumstances or inconsistent with his training in residency; however, in the interest of resolving this matter, Licensee agrees to the following resolution.

6. In resolution of this matter, Licensee consents to the entry of the following Conclusion of Law and Order.

CONCLUSION OF LAW

1. The Wisconsin Medical Examining Board is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

ORDER

1. The attached Stipulation is accepted.

2. Within six (6) months of the date of this Order, Licensee shall at their own expense take and successfully complete four hours of education in the proper way to assess emergence from anesthesia as follows:

Licensee shall be responsible for locating course(s) satisfactory to the Board and for obtaining the required approval of the course(s) from the Board or its designee. Licensee must take and pass any exam offered for the course(s).
- b. Licensee shall submit proof of successful completion of the education in the form of verification from the institution providing the education to the Department Monitor at the address stated below. None of the education completed pursuant to this requirement may be used to satisfy any continuing education requirements that

have been or may be instituted by the Board or Department and may not be used in any future attempt to upgrade a credential.

- c. The Board's monitoring liaison may change the number of credit hours and/or education topics in response to a request from Licensee. The monitoring liaison may consider the topic availability and/or hours of education when determining if a change to the ordered education should occur.
