Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. Licensee Russell G. Gelormini, D.O., (Year of Birth 1958) is licensed in the state of Wisconsin to practice medicine and surgery, having license number 49858-21, first issued on October 30, 2006 with registration current through October 31, 2023. Licensee's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Boerne, Texas 78015.

2. At all times relevant to this proceeding, Licensee practiced as an independent teleradiologist for a facility located in Texas (Facility).

3. On November 1, 2021, Licensee interpreted the kidney, ureter, and bladder (KUB) radiographic studies for a hospital patient located in Florida. Licensee was not provided with the

patient's chest radiographic studies for review. Licensee interpreted the film as depicting a gastrostomy tube in the stomach; however, he did not urgently communicate the presence of a nasogastric tube in the left mainstream bronchus.

4. After receipt of Licensee's report, the patient was fed via the nasogastric tube instead of the gastrostomy tube. The patient aspirated and later died from COVID-19 complications and sepsis.

5. On November 2, 2021, Licensee reviewed his report and noted that there were errors and omissions which he believed occurred from the voice recognition dictation software he utilized. Licensee amended his report to include the presence of the nasogastric tube in the lung as previously dictated.

6. As of January 21, 2022, Licensee changed his practice and requested that the Facility provide him with the final formatted report prior to sending it to the provider for quality assurance purposes.

7. Licensee denies that his interpretation of the patient's KUB fell below minimal competency standards but consents, in resolution of this matter, to the entry of the following Conclusions of Law and Order.

CONCLUSIONS OF LAW

1. The Board has jurisdiction to act in this matter pursuant to Wis. Stat. § 448.02(3) and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

2. Within six (6) months of the date of this Order, Licensee shall at their own expense take and successfully complete four (4) hours of education in radiographic interpretation of chest and abdominal imaging as follows:

- a. Each course attended in satisfaction of this Order must be pre-approved by the Board or its designee. Licensee shall be responsible for locating course(s) satisfactory to the Board and for obtaining the required approval of the course(s) from the Board or its designee. Licensee must take and pass any exam offered for the course(s).
- b. Licensee shall submit proof of successful completion of the education in the form of verification from the institution providing the education to the Department Monitor at the address stated below. None of the education completed pursuant to this requirement may be used to satisfy any continuing education requirements that have been or may be instituted by the Board or Department and may not be used in any future attempt to upgrade a credential.

- c. The Board's monitoring liaison may change the number of credit hours and/or education topics in response to a request from Licensee. The monitoring liaison may consider the topic availability and/or hours of education when determining if a change to the ordered education should occur.
