The parties to this action for the purpose of Wis. Stat. § 227.53 are:

Alexis McCluskey  
New Glarus, WI 53574

Wisconsin Board of Nursing  
Department of Safety and Professional Services  
4822 Madison Yards Way  
P.O. Box 8935  
Madison, WI 53708-8935

The parties in this matter agree to the terms and conditions of the attached Stipulation as the resolution of this application. The Wisconsin Board of Nursing (Board) adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. Alexis McCluskey (Applicant) resides in Wisconsin.
2. On or about September 2, 2022, Applicant filed an application (IA-9918) for a Wisconsin Registered Nurse credential.
3. Applicant has the following violation and pending charges:
  - A. On or about November 16, 2022, Operating while Intoxicated (OWI) (1<sup>st</sup>), an ordinance violation.
    - i. On February 17, 2022, Applicant was found to be driving while under the influence of alcohol. She denied consuming alcohol but told a police officer that she is a recovering alcoholic who cannot tell the difference between vodka and water and, therefore, she may have consumed vodka but not known it. Applicant told the officer she consumed five glasses of water but

a friend who was with Applicant said she had five vodka drinks in addition to some shots.

- ii. Applicant was fined, lost her driving privileges for six months, and was ordered to undergo an AODA evaluation.

B. *Pending Charges* in Green County Case No. 22-CT-123: OWI (2<sup>nd</sup>) and Operating w/ PAC (2<sup>nd</sup>), both misdemeanors.

- i. On May 9, 2022, while the OWI (1<sup>st</sup>) was still a pending charge, Applicant lost control of her vehicle while avoiding a deer and went into the ditch. The responding police officers observed that Applicant had glossy, bloodshot eyes, slurred speech, and was swaying while standing. Applicant admitted to drinking wine and subsequent testing proved she was driving while impaired by alcohol.
- ii. At the time, Applicant's driving privileges were restricted to certain times due to the then-pending OWI (1<sup>st</sup>) offense. Applicant was within the allotted hours for travel to/from work but claims she was not working that day and instead was going to see a friend.
- iii. On August 23, 2022, Applicant underwent an AODA evaluation which found *Suspected Dependency* and recommended outpatient treatment.

C. *Pending Charge* in Green County Case No. 22-TR-1118: Failure to Keep Vehicle Under Control, an ordinance violation.

- i. This charge is from the same offense date as 22-CT-123 above and will presumably be resolved in conjunction with that case.

4. Applicant claims sobriety since June 2022 and provides a relapse prevention plan in addition to current records which reflect a good start, but ongoing treatment needed. Applicant states her intent "to continue treatment past what is required [by the courts] to ensure another incident does not occur."

5. The findings above demonstrate that Applicant has a condition which requires the Board to impose limitations on any Registered Nurse credential granted to her.

6. In resolution of this matter, Applicant consents to the entry of the following Conclusions of Law and Order.

## CONCLUSIONS OF LAW

1. The Board has jurisdiction to act in this matter pursuant to Wis. Stat. § 441.07 and is authorized to enter the attached Stipulation pursuant to Wis. Stat. §§ 15.08(5)(c) and 227.44(5).
2. Pursuant to Wis. Stat. § 441.07(1g)(b), the Board may deny or limit a registered nurse license for one or more violations of this subchapter or any rule adopted by the Board under the authority of this subchapter.
3. Pursuant to Wis. Stat. § 441.07(1g)(c), the Board may deny or limit a registered nurse license due to acts which show the applicant to be unfit or incompetent by reason of negligence, abuse of alcohol or other drugs or mental incompetency.
4. Pursuant to Wis. Stat. § 441.07(1g)(d), the Board may deny or limit a registered nurse license for misconduct or unprofessional conduct.
5. The Board may deny or limit an application for licensure if Applicant is unable to practice safely by reason of alcohol or other substance use pursuant to Wis. Admin. Code § N 7.03(6)(f).
6. By the conduct described in the Findings of Fact, Applicant violated Wis. Stat. §§ 441.07(1g)(b)-(d), and Wis. Admin. Code § N 7.03(6)(f), by committing acts which show Applicant to be unfit or incompetent by reason of abuse of alcohol or other drugs; and Applicant is unable to practice safely by reason of alcohol or other substance abuse.
7. As a result of the above conduct, Applicant is subject to limitations on her license pursuant to Wis. Stat. §§ 441.07(1g)(b), (c), and (d), and Wis. Admin. Code § N 7.03(6)(f).

## ORDER

1. The attached Stipulation is accepted.
2. Applicant's Registered Nurse license is a Wisconsin single state license and her practice is limited to Wisconsin during the pendency of this Order. Applicant may apply for multistate privilege upon successful completion of this Order and obtaining full licensure.
3. Limitations upon Applicant's Registered Nurse credential are necessary to ensure that Applicant is fit and competent to practice as a Registered Nurse.
4. Applicant's ability to practice as a Registered Nurse in the state of Wisconsin is LIMITED as follows:
  - A. For a period of at least two (2) years from the date of this Order Applicant shall comply with the following requirement relating to drug and alcohol monitoring:

- i. Within thirty (30) days of the date of this Order, Applicant shall enroll and participate in a drug and alcohol monitoring program which is approved by the Department (Approved Program).
- ii. At the time Applicant enrolls in the Approved Program, Applicant shall review the rules and procedures made available by the Approved Program. Failure to comply with all requirements for participation in drug and alcohol monitoring established by the Approved Program is a substantial violation of this Order. The requirements shall include:
  1. Contact with the Approved Program as directed on a daily basis, including vacations, weekends and holidays.
  2. Production of a urine, blood, sweat, fingernail, hair, saliva or other specimen at a collection site designated by the Approved Program within five (5) hours of notification of a test.
  3. The Approved Program shall require the testing of specimens at a frequency of not less than twenty-eight (28) times per year, (one of which may be a hair test at the Board's discretion) for at least the first year of this Order. Thereafter, the Board may adjust the frequency of testing on its own initiative at any time.
- iii. Applicant shall abstain from all personal use of alcohol.
- iv. Applicant shall abstain from all personal use of controlled substances as defined in Wis. Stat. § 961.01(4), except when prescribed, dispensed or administered by a practitioner for a legitimate medical condition. Applicant shall disclose Applicant's drug and alcohol history and the existence and nature of this Order to the practitioner prior to the practitioner ordering the controlled substance. Applicant shall at the time the controlled substance is ordered immediately sign a release in compliance with state and federal laws authorizing the practitioner to discuss Applicant's treatment with, and provide copies of treatment records to, the Board or its designee. Copies of these releases shall immediately be filed with the Department of Safety and Professional Services Monitor (Department Monitor).
- v. Applicant shall report to the Department Monitor all prescription medications and drugs taken by Applicant. Reports must be received within twenty-four (24) hours of ingestion or administration of the medication or drug, and shall identify the

person or persons who prescribed, dispensed, administered or ordered said medications or drugs. Each time the prescription is filled or refilled, Applicant shall immediately arrange for the prescriber or pharmacy to fax and mail copies of all prescriptions to the Department Monitor.

- vi. Applicant shall provide the Department Monitor with a list of over-the-counter medications and drugs that he may take from time to time. Over-the-counter medications and drugs that mask the consumption of controlled substances or of alcohol, create false positive screening results, or interfere with Applicant's treatment and rehabilitation, shall not be taken unless ordered by a physician, in which case the drug must be reported as described in the paragraph 4.A.v.
  - vii. All positive test results are presumed valid and may result in automatic suspension of licensure by the Board or the Board's designee. Applicant must prove by a preponderance of the evidence an error in collection, testing, fault in the chain of custody or other valid defense.
  - viii. If any urine, blood, sweat, fingernail, hair, saliva or other specimen is positive or suspected positive for any controlled substances or alcohol, Applicant shall promptly submit to additional tests or examinations as the Board or its designee shall determine to be appropriate to clarify or confirm the positive or suspected positive test results.
- B. For a period of at least two (2) years from the date of this Order, Applicant shall comply with the following AODA support group and counseling:
- i. Within thirty (30) days of the date of this Order, Applicant shall provide proof to the Department Monitor that Applicant is continuing AODA counseling with an AODA counseling provider (Treater), whose credential is in good standing, and approved by the Board. Applicant shall participate in, cooperate with, and follow all treatment recommended by Treater.
  - ii. Applicant shall immediately provide Treater with a copy of this Order and all other subsequent orders.
  - iii. Applicant shall provide and keep on file with Treater, all treatment facilities and personnel, laboratories and collections sites current releases complying with state and federal laws. The releases shall allow the Board, its designee, and any employee of the Division to:

1. obtain all urine, blood and hair specimen screen results and patient health care and treatment records and reports, and
  2. discuss the progress of Applicant's treatment and rehabilitation. Copies of these releases shall immediately be filed with the Department Monitor.
- iv. Applicant's treatment shall include individual and/or group therapy sessions at a frequency to be determined by Treater, but not less than once a month. Therapy may end only upon a determination by the Board or its designee after receiving a petition for modification, including a recommendation from Treater expressly approving termination of therapy.
  - v. Treater shall immediately report any relapse, violation of any of the terms and conditions of this Order, and any suspected unprofessional conduct, to the Department Monitor. If Treater is unable or unwilling to serve as Treater, Applicant shall immediately seek approval of a successor Treater by the Board or its designee.
  - vi. Treater shall submit formal written reports to the Department Monitor on a quarterly basis, as directed by the Department Monitor. These reports shall assess Applicant's progress in the mental health treatment sessions, abstinence from all substances, and drug and alcohol testing. Treater shall report immediately to the Department Monitor any violation or suspected violation of this Order.
  - vii. Applicant shall attend Alcoholics Anonymous meetings, Narcotics Anonymous meetings, or other Board-approved equivalent program for recovering professionals, no less than twice per week. Applicant shall provide proof of attendance on a quarterly basis to the Department Monitor.
- C. For a period of at least two (2) years from the date of this Order, Applicant shall comply with the following practice limitations:
- i. Applicant shall provide Applicant's nursing employer with a copy of this Order before engaging in, or continuing to engage in, any nursing employment. Applicant shall provide the Department Monitor with written acknowledgment from each nursing employer that a copy of this Order has been received. Such acknowledgment shall be provided to the Department Monitor within fourteen (14) days of beginning new employment

and/or within fourteen (14) days of the date of this Order for employment current as of the date of this Order.

- ii. It is Applicant's responsibility to arrange for quarterly written reports to be submitted to the Department Monitor from her supervisor at each setting in which Applicant practiced nursing in the previous quarter. These reports shall be submitted as directed by the Department Monitor, and shall assess Applicant's work performance, and shall include the number of hours of active nursing practice worked during that quarter. If a report indicates poor performance, the Board may institute additional limitations on Applicant's nursing license, in its discretion.
- iii. Applicant may work as a nurse or other health care provider in a setting in which Applicant has access to controlled substances. If Treater subsequently recommends restrictions on such access, the Board or its designee may impose such restrictions.
- iv. Applicant shall report to the Board any change of employment status, residence, address or telephone number within five (5) days of the date of change.
- v. Applicant shall commit no new violations of law and shall report all law enforcement contacts leading to arrest, charge or conviction, including DWI/OWI and municipal/ordinance violations, to the Department Monitor within forty-eight (48) hours of any such event, including any convictions resulting from pending charges.

5. Applicant may petition the Board for modification of the terms of this Order no sooner than one (1) year from the date of this Order. Any petition for modification shall be accompanied by a written recommendation from Applicant's Treater expressly supporting the specific modifications sought. Denial of a petition in whole or in part shall not be considered a denial of a license within the meaning of Wis. Stat. § 227.01(3)(a), and Applicant shall not have a right to any further hearings or proceedings on the denial.

6. After two (2) consecutive years of successful compliance, including at least six hundred (600) hours of approved nursing practice, the Applicant may petition the Board for full licensure. The Board may grant or deny any petition, in its discretion, or may modify this Order as it sees fit.

7. Any requests, petitions, reports and other information required by this Order shall be mailed, e-mailed, faxed or delivered to:
