Structural Welding is a full-time program that lasts 15 weeks. AWI's Structural Welding Program is designed to train students how to perform welding of plates in all positions.

WELD TO A BRIGHTER FUTURE IN 6 MONTHS OR LESS AT AWI 2 FULL-TIME PROGRAMS

- 4-MONTH STRUCTURAL WELDING PROGRAM
- 6-MONTH COMBINATION STRUCTURAL & PIPE WELDING PROGRAM

AWI's Combination Structural and Pipe Welding is a full time, 24-week program for the welding training of plates and pipe in all positionings.

Upon graduation in both programs, students will be able to obtain entry level positions in construction of bridges, fabrication of structural components, and other job shop applications.

Why AWI?

- Only a 4- or 6-month program
- A more family-oriented school
- Set up like a job.
(Required to show up on time)
- NO General Ed requirements or random classes
- NO jumping from one class to another
- Welding almost every day up to 40 hours a week
(Class runs M-F 7:30 am-4:00 pm)
- Minimal classroom time
- Can receive unlimited number of certifications in each process we teach (SMAW, GMAW, GTAW, FCAW, SMAW-PIPE, GTAW-PIPE)
- Financial Aid available
- New location with 56 welding booths

AWI IS ACCREDITED BY

ACCSC

Accrediting Commission of Career Schools and Colleges

ACCSC-accredited institutions focus on vocational, technical, and career-oriented program offerings. Students who attend an ACCSE-accredited school can expect to engage in a learning environment that stresses hands-on training, and the development of job-related skills lead by instructors with practical work experience in the field.
