HISTORY & OWNERSHIP

ATS began its history when Robert Klabacka started The National Institute for Concrete Construction (N.I.C.C) in 1959 making us one of America's oldest and largest heavy equipment, crane operator and truck driver training schools. Robert later passed the reins onto his sons who to this day maintain the same high standards and superior quality people have come to expect from Associated Training Services.

The Early Years

Our Facilities

Instructional Staff

In 1959, Robert Klabacka started the National Institute for Concrete Construction.

What Makes ATS Different?

- Large variety and volume of equipment – over 75 pieces
- Training that correlates to real life experience
- Experienced, professional instructors
- Nationally recognized credentials
- Stability – in business for 60 years
- Easy tuition financing programs
- Affordable school-owned housing

National Credentials

NCCCO Certification

Upon successful completion of the Crane or Rigger/Signalperson testing, students are certified by the National Commission for the Certification of Crane Operators (NCCCO). Certification of crane operators and rigger/signalperson qualification is now required by OSHA.

Financial Assistance

Career Loans

Career loans can be used to pay for tuition, housing, and other training expenses. Applicants should submit an application online at www.Operator-School.com. Upon submitting your application, one of the School's representatives will contact you via telephone. You can also call one of our Admissions Counselors who will help you complete the application over the phone by calling toll free (800) 383-7364.

Veteran & Military Benefits

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Post 9/11 GI Bill®: Qualified veterans can receive tuition assistance. These benefits may also provide additional living expenses directly to the veteran while in School.

Veterans Vocational Rehabilitation: Applicant may be qualified if injured or disabled while in the military.

Guard and Reserve Members: Veterans may be eligible for GI Bill®. Members may qualify for state military education benefits.

Housing Vouchers for Qualified Veterans: Associated Training Services offers all eligible veterans a housing voucher which can be redeemed at the school's housing facility for the full cost of housing in a double occupancy room for the complete length of the student's training period. To qualify, the veteran must have been honorably discharged from the military and submit their form DD214 to the school. This voucher has a value of between \$120 and \$2,520 depending on the length of the student's training. This voucher can only be used for the School's housing facility and cannot be redeemed for cash.

State and Federal Grants

Our students may also qualify for these state or federal grants:

Job Service/Workforce Development	Agricultural Worker Grants
Workforce Innovation & Opportunity Act	Vocational Rehabilitation
Trade Adjustment Act (TAA)	Tribal Education Grants
Displaced Worker Grants	Migrant Worker Grants

Employment Opportunities

Heavy equipment operators, mobile crane operators, and truck drivers have always been some of the most stable and well paying occupations in America. People depend on these skilled professionals for much of what it takes to build and maintain our highways, roads, bridges, buildings, housing and public lands.

Career Services

ATS provides the tools, resources, and assistance that are invaluable in making the dream of being a heavy equipment operator, crane operator, or commercial truck driver a reality. Our Career Services personnel have over 50 years of experience helping people find jobs in the following industries:

- Road & Bridge Construction
- Public & Private Utilities
- Sewer & Water Works
- Oil, Gas & Energy Industries
- City, County, State, & Federal Governments
- Commercial & Residential Construction
- Mining, Sand & Gravel
- Forestry & Public Land Management

ATS provides its students and graduates with the following services designed to help our customers find employment:

Employment Assistance

ATS works personally with each student during training and then provides each student with a list of potential employers in their local area. Many graduates will go to work for the company they have targeted all along.

Employer Database

All ATS graduates are provided access to our Job Leads Database which contains the name and contact information for thousands of employers nationally. The Career Services Department continually adds new potential employers throughout the country and enters them into this database.

Career Services Website

All ATS graduates have free unlimited access to www.TotalResourcesNetwork.com website. This website allows students to post their resume which may be viewed by prospective employers, and allows prospective employers to post their job openings which are searchable by ATS graduates.

Soft Skills Training

While in school, students will receive training in skills essential to finding a job. These skills include employment application procedures, interviewing techniques, networking methods, and more. ATS personnel have years of industry experience, many as foreman, superintendents, and small business owners. They know what it takes to find a job and they pass on the valuable lessons they've learned both working and hiring in the industry.

UNITED STATES DEPARTMENT OF LABOR

BUREAU OF LABOR STATISTICS: FEBRUARY 2021

Crane and Tower Operators

2021 MEDIAN PAY: \$59,840 per year | \$29.92 per hour
