

Build a
strong
foundation
for a
**healthcare
career**

As an allied health professional, you could **take on clinical or administrative workplace duties** while working in a hospital, clinic, physician's office or other healthcare setting.

Allied Health Sciences Program

Associate of Science in Allied Health Sciences (AS)

South University's Associate of Science in Allied Health Sciences degree can be a springboard for a variety of higher degrees and health-focused professions where you can help members of your community get and stay healthy. The Allied Health Sciences program provides a solid foundation of knowledge in general studies with an emphasis on life science subjects, such as anatomy, physiology, chemistry, nutrition, and human growth and development.

Pursue Your Degree at
a Location Near You

South University is a private institution dedicated to providing educational opportunities for the intellectual, social and professional development of diverse students. Online and on campus, we provide a warm, welcoming learning environment with a friendly and supportive community of faculty, staff and students eager to help you pursue your academic and career goals. Across our university's 120-year story—past, present and future—South University has stood apart as a place for our community members to call home, a place where anyone can belong, believe and become.

South University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, and doctorate degrees. Questions about the accreditation of South University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).
